Voting Age Injected Into Rights Bill

Some Believe Law Won't Be Constitutional

WASHINGTON (AP) — With the Senate maneuvering over Negro voting rights legislation, the issue of lowering the voting age to 18 was raised anew today by two senators poles apart politically.

A Senate judiciary subcommittee called a hearing to give Sens. Barry Goldwater, R-Ariz., and Edward M. Kennedy, D-Mass., a chance to advance their arguments that Congress can give the vote to 18-year-olds.

Although Goldwater and Kennedy agree on this, they differ on whether it should be made part of legislation to prevent denial of voting rights because of race.

The legislation is embroiled in a dispute between senators who want to continue the 1965 Voting Rights Act, applying to seven Southern states, and a nationwide bill urged by President Nixon and already passed by the House.

An amendment to lower the voting age to 18 already has been offered by Democratic Leader Mike Mansfield. One of the co-sponsors is Kennedy, the assistant Democratic leader.

But Goldwater says the proposal should be handled as a separate measure rather than entangled in the already sharp controversy over the voting rights legislation.

Many senators maintain the voting age can be lowered to 18 only by a constitutional amendment.

A proposed constitutional amendment lists 67 senators as co-sponsors and hearings on it already have been held by the Judiciary subcommittee, headed by Sen. Birch Bayh, D-Ind.

However, Bayh signed up last week as one of 10 co-sponsors of Mansfield's amendment to the voting rights bill.

An aide to Sen. Marlow W. Cook, R-Ky., a subcommittee member, said he also has concluded the voting age can be lowered by statute and plans to introduce a separate bill.

Rap Brown Trial Starts In Maryland

BEL AIR, Md. (AP) — The trial of H. Rap Brown, the black power advocate charged with arson and inciting to riot during the 1967 racial disorders in Cambridge, begins today.

Brown arrived at the court house in this small rural town with his lawyer, William M. Kunstler, who defended the seven men tried in Chicago on charges of inciting riots during the 1968 Democratic National Convention.

Tight security was in effect. Gov. Marvin Mandel promised last week that "the necessary precautions" had been taken to avert trouble in Bel Air, which is 25 miles northeast of Baltimore.

The trial was shifted to Bel Air from Cambridge where city officials said they feared renewed violence.

The charges against Brown stem from a speech he made from an automobile roof on July 24, 1967, in Cambridge.

The state charges he urged a crowd of 400 blacks "to burn this town down." A night of widespread fires and sporadic gunfire followed. Brown and a white policeman were slightly injured.

Pathet Lao Puts Out 'Peace Plan'

VIENTIANE, Laos (AP) — The Pathet Lao put forward a peace program for Laos today calling for an end to U.S. intervention, withdrawal of the Royal Lao government's forces from all areas "illegally occupied," resettlement of persons forcibly removed from their homes, and payment of compensation to them.

The proposal also called for a cease-fire, an all-party political conference to establish a provisional coalition government, and eventual election of a national assembly.

The Royal Lao government

announced it would exchange diplomatic messages with the Communist leadership on the proposal.

An aide to the Laotian premier, Prince Souvanna Phouma, said the government had received a message from Prince Souvannaphong, Souvanna Phouma's half-brother and the leader of the Pathet Lao. The message said Souvannaphong wanted to send a more detailed message which officials in Vientiane believe will outline the new peace proposal.

Souvanna sent a reply immediately to the Pathet Lao

mission in Vientiane saying, "We will be glad to receive the message."

Souvanna's aide said he would have no immediate statement on the new proposal as outlined by the Pathet Lao in Hanoi.

The proposal included for the first time a standstill cease-fire and it was described by a U.S. diplomatic source today as a "very interesting" plan.

"We're all for the Laos settling problems among themselves," the source said.

The statement outlining the proposals was made in Hanoi by Phau Phimpachan, a member

of the Pathet Lao Central Committee and director of its information bureau.

As received here, the proposal called for:

1. A standstill cease-fire.

2. A "consultative political conference composed of representatives of all Lao political parties" and establishment of a provisional coalition government. Such a coalition government was established after the Geneva conference in 1962, but the Pathet Lao has boycotted it for years.

8 Americans Reported Dead In Flareups

SAIGON (AP) — U.S. air cavalrymen and their supporting planes and helicopters battled North Vietnamese forces along the Cambodian border in the northern part of War Zone C today for the fourth straight day.

The U.S. Command said 43 North Vietnamese were killed in four clashes Sunday and today in Tay Ninh, Phuoc Long and Binh Long provinces. Six of the 1st Air Cavalry Division soldiers were killed and 29 wounded, while South Vietnamese militiamen in one of the battles reported very light casualties.

Three ground clashes Sunday were followed by a heavy North Vietnamese mortar attack early today on Fire Base Flasher, about three miles from the scene of the action Sunday in Tay Ninh province. U.S. spokesmen said 150 to 175 rounds were fired, but most of them landed outside the camp perimeter.

The shelling caused very light casualties, with no fatalities and no damage, headquarters said. But it reported counter fire from helicopter gunships and artillery killed 10 North Vietnamese.

The U.S. Command also announced that a hamlet just outside Saigon was hit by rockets accidentally fired from an American helicopter gunship Sunday evening, and three Vietnamese civilians were killed and 11 were wounded.

Witnesses said the three persons killed—a man, a pregnant woman and a 16-year-old girl—were standing outside their home when some of the rockets exploded over their heads.

The U.S. Command said 14 rockets were fired when "something went wrong with the electrical firing system."

In Can Tho, the chief Mekong Delta city, 80 miles southwest of Saigon, a homemade bomb exploded just inside the entrance to the U.S. cultural center and wounded four Vietnamese employees. The bomb did only minor damage to the building.

The U.S. Command said that four Americans and five South Vietnamese troops were killed and one government soldier was (Continued on Page 2)

President Plans 'New Approach' To Foreign Aid

WASHINGTON (AP) — President Nixon, praising the findings of a presidential task force, says he will propose legislation next January to carry out a "new U.S. approach to foreign assistance for the 1970s."

As the White House disclosed

the 49-page report of the presidential task force Sunday calling for more international cooperation, Nixon said the recommendations were "fresh and exciting."

The President, in a statement issued shortly before he returned to Washington from a three-day stay at Key Biscayne, Fla., reported the new overseas aid approach he will offer Congress will be among his major foreign-policy projects for the future.

The 16-member panel—headed by Rudolph A. Peterson, former president of the Bank of America—recommended a basic revision of the U.S. foreign aid program and an increase in money for economic development abroad.

Nixon agreed with the Peterson panel's conclusion that the United States has a profound interest in cooperating with developing nations in efforts to improve their conditions of life.

The task force listed no specific dollar amount but said the downward dip of U.S. assistance for development abroad should be reversed.

Economic development aid should be split from projects for military and security-connected economic assistance, the panel said.

The panel also suggested there should be more economic aid applied through international institutions and emphasis on self-help and use of private enterprise.

The panel recommended that new agencies take over functions now performed by the Agency for International Development—which was created under the Kennedy administration to run the economic aid program.

A new "institutional framework" suggested by the panel would include:

—A U.S. International Development Bank, that would be an independent government corporation starting with 2 billion in federal funds with power to borrow \$2 billion more from the public.

—A U.S. International Development Institute to seek new ways for science and technology to assist developing nations.

—An Overseas Private Investment Corporation to use U.S. private enterprise in behalf of international development. This agency was created in annual aid legislation passed by Congress for this year.

—A U.S. International Development Council to assure development needs abroad get greater weight in U.S. policy-making.

Arabs Still Use Lebanon Bases

TEL AVIV (AP) — Arab guerrillas kept up their raids from Lebanon into Israel Sunday, despite Israeli warnings of retaliation.

Israeli troops reported killing five guerrilla infiltrators near the Israeli settlement of Zar'it, the site of some 20 sabotage incidents over the past several weeks.

The Lebanon-based guerrillas also blasted a water pipeline and planted land mines. One Israeli soldier was reported wounded when his vehicle hit a mine a mile from the Lebanese frontier.

In Amman, an Al Fatah commando spokesman said five guerrillas were killed when an Arab unit penetrated into the Upper Galilee area and fought with Israeli forces for an hour. The guerrillas destroyed a bridge and a troop carrier and planted land mines in the area, a commando spokesman said. He added the action took many Israeli lives.

The new guerrilla strikes followed an Israeli reprisal raid into the Lebanese village of Aita Ech Chaab Friday night. Israel reported killing one guerrilla, capturing two prisoners and blowing up five houses.

Israel has warned Lebanon that recent increasing guerrilla raids across the hilly, 50-mile border they share would lead to reprisal raids by Israeli troops.

Israel's Foreign Minister Abba Eban told a group of American rabbis in Jerusalem today that his country would be willing "at any time to sign a peace treaty with Lebanon according to the present borders between the two countries." But he said the "dictates of Arab solidarity" prevent Lebanon from making such a settlement.

The Israeli military command said Arab guerrillas ambushed an Israeli patrol near the Ashdot Ya'akov settlement along the Jordan frontier south of the Sea of Galilee, but no casualties were reported.

White House Admits U.S. Bloodmobile Captain Killed In Laos Fight

WASHINGTON (AP) — The White House has acknowledged an Army captain was killed fighting North Vietnamese guerrillas in Laos but denied the death was due to "ground combat operations."

Capt. Joseph Bush was shot to death Feb. 10, 1969, by North Vietnamese troops. He returned the fire of enemy troops during the engagement of a compound on the edge of the Plain of Jars, the White House said.

A White House official said 26 other Americans have been killed or reported missing due to hostile action in Laos.

But Deputy Press Secretary Gerald L. Warren maintained Sunday President Nixon stands by his statement that "no American stationed in Laos has ever been killed in ground combat operations."

Bush's death was "due to hostile actions," Warren said.

"He was not engaged in combat operations... he was a military attaché," Warren explained. "When the compound was attacked by commandos, he did take action, firing a gun, in an attempt to protect other persons in the compound and in taking this action he exposed himself to enemy fire and was killed."

The controversy over Bush developed after President Nixon said Friday in a formal statement that "No American stationed in Laos has ever been killed in ground combat operations."

The American's death was reported Sunday in a copyright story by freelance writer Don A. Schanche and distributed by the Los Angeles Times. Warren said Nixon was unaware of Bush's death at the time he issued his formal statement on U.S. involvement in Laos.

Although Bush fired at the North Vietnamese commandos, the White House said, the death could not be attributed to ground combat operations because the compound was "about 10 miles to the rear of the expected line of combat."

Hostile action covers casualties in circumstances other than direct combat, including ambushes, long-range artillery fire and mines.

A White House authority last Friday said less than 400 Americans had been killed or reported missing in Laos as a result of air activity.

Cleveland Student Dies At Antioch

YELLOW SPRING S, Ohio (AP)—Alexander Sloss, 18, of Cleveland died here Sunday when he fell from a fourth story window of the Antioch College Administration Building.

Sloss, a second year student at Earlham College in Richmond, Ind., had come to visit his brother, a former Antioch student living here. The death was still under investigation by Green County authorities.

Bloodmobile Due Thursday

The Bloodmobile will visit Circleville Thursday. Quota for the visit is 125 pints. Meeting this quota will assure county residents of continued full benefits of the blood program.

Pickaway County's eligibility will be reviewed at the end of March which is the end of this quarter. Since the Thursday visit is the only Bloodmobile visit between now and the end of the quarter, a good turnout is essential, said Jack Mader, Pickaway County Blood Program chairman.

A reminder is issued to all who gave blood at the last Bloodmobile visit here in January. Since the eight weeks required between donations will have elapsed, all January donors will be eligible to donate on Thursday.

Several area residents have required Red Cross Blood during hospital treatment. One of these is Clay Gillian of Ashville, now a patient in Doctors Hospital, Columbus. This blood should be replaced through donations and may be done by donating in the name of the person who received the blood.

Donors are urged to call the Red Cross office at 474-5736 for an appointment to give. An hour's time and a pint of blood that will never be missed, will help meet the constant need for blood, according to Program Chairman Mader.

LBJ Still In Hospital

SAN ANTONIO, Tex. (AP) — Still confined to his special presidential suite, Lyndon B. Johnson began his second week in the hospital today. Doctors said they were "satisfied" with his progress.

The former president, 61, entered the Army's Brooke General Hospital a week ago with chest and arm pains arising from hardening of the coronary arteries. He then developed a cold.

In their Sunday medical report, his doctors, Lt. Col. Robert North and Col. Glen Arney, said "We are satisfied with the president's progress and continued improvement."

They said his cold "continues to improve and has virtually disappeared."

The advisory added that Johnson awoke "after a good night's sleep feeling well and in excellent spirits."

West German, Polish Officials Hold Meeting

WARSAW (AP) — Polish and West German officials met today for 2½ hours in a resumption of their bilateral political talks aimed at improving relations.

Georg Ferdinand Duckwitz, West German state secretary, head of a six-man delegation, told newsmen after the session in the Polish Foreign Ministry that the atmosphere was "very friendly, as usual."

Keeping to the ground rules of secrecy, he refused to disclose what was said.

The dialogue was initiated here last month with a two-day round of exploratory talks and exchanges of opinions. It was the first time since the end of World War II that Polish and West German officials had met officially to discuss politics. Their main subject of discussion is Poland's unsettled western frontier, which the Warsaw government wants Bonn to recognize as final.

North Vietnam Appears Militarily Ready For Long War

EDITOR'S NOTE: Associated Press staff member Daniel De Luce has just returned from a visit to North Vietnam. Here is his report on military aspects of the situation in the North as he was able to see it during an 18-day, 1,000-mile trip, the most extensive permitted to a Western newsmen since the United States entered the war.

By DANIEL DE LUCE Associated Press Writer

The North Vietnam People's Army seems highly motivated and well equipped. It appears to have plenty of young manpower—and womenpower—to accomplish its tasks.

Those are the key military impressions from an 18-day visit

to North Vietnam, made in the company of four escorts.

The bombing of the North stopped 16 months ago, but the watchword for all—army and people—is vigilance, an attitude that leaps out at the visitor from those aspects of North Vietnamese life he is permitted to observe.

What I saw and heard leaves the impression that the armed forces are capable of a long, tenacious war effort. That is their history, as they repeat it to a visitor. One thousand years of resistance to Chinese rule. Two hundred years spent fighting the Mongols. A hundred years against the French.

Now, sophisticated weapons

systems and heavy arms are on hand from the Soviet Union. Light infantry weapons come in quantity from Red China.

Signs and slogans in every community I traveled through hail the army as the people's shield against "American imperialist aggression." Songs and poems are composed in the army's honor.

When the bombing was at its height, hundreds of thousands of civilians took part in air defense measures, I was told. The feeling of unity between army and people can hardly be doubted now in the austerity brought to the nation by its war effort.

Eleven days on the road out of Hanoi—to the demilitarized zone

and back, thence to the port city of Haiphong and the coast near China—I saw troops passing in every direction in small numbers all day long. Significant? I don't know.

When infiltration by North Vietnamese regulars was claimed by the Americans to be at its height in 1967, they estimated 8,000 a month entering South Vietnam.

Their army trucks carry 24 soldiers. Just 12 trucks a day could carry more than 8,000 soldiers a month, if that's the way they went south in 1967.

Some of the soldiers rode bicycles of Chinese and local manufacture.

They decorated their vehicles

with small bouquets of plastic flowers. Their bearing was alert, I could not talk with them. Weapons were not in evidence.

Questions about the size of North Vietnam's armed forces and about forces Hanoi has sent south were turned aside uniformly. The question was not open for discussion.

Western estimates put the total North Vietnamese army strength at about 450,000. Estimates of the number committed to the battle in the South range from 85,000 to more than double that.

Always with my escorts, I saw little heavy military hard-

ware. A government official explained why.

"Frankly, there are things we did not want you to see. Surface to air missiles, for example."

"You know, we developed a truly Vietnamese technique for employing the missiles. Had we not decided to do so, the Americans could have destroyed them all."

"The foreign friends who gave us the missiles said they should be positioned in hardened sites. But we thought that the Americans, if they discovered the sites, would concentrate their bombing on them. We would not have one SAM left."

"We disregarded instructions (Continued on Page 8)

North Vietnam Appears Militarily Ready For Long War

EDITOR'S NOTE: Associated Press staff member Daniel De Luce has just returned from a visit to North Vietnam. Here is his report on military aspects of the situation in the North as he was able to see it during an 18-day, 1,000-mile trip, the most extensive permitted to a Westerner since the United States entered the war.

By DANIEL DE LUCE
Associated Press Writer

The North Vietnamese People's Army seems highly motivated and well equipped. It appears to have plenty of young manpower—and womenpower—to accomplish its tasks.

Those are the key military impressions from an 18-day visit

to North Vietnam, made in the company of four escorts.

The bombing of the North stopped 16 months ago, but the watchword for all—army and people—is vigilance, an attitude that leaps out at the visitor from those aspects of North Vietnamese life he is permitted to observe.

What I saw and heard leaves the impression that the armed forces are capable of a long, tenacious war effort. That is their history, as they repeat it to a visitor. One thousand years of resistance to Chinese rule. Two hundred years spent fighting the Mongols. A hundred years against the French.

Now, sophisticated weapon

systems and heavy arms are on hand from the Soviet Union. Light infantry weapons come in quantity from Red China.

Signs and slogans in every community I traveled through hail the army as the people's shield against "American imperialist aggression." Songs and poems are composed in the army's honor.

When the bombing was at its height, hundreds of thousands of civilians took part in air defense measures, I was told. The feeling of unity between army and people can hardly be doubted now in the austerity brought to the nation by its war effort.

Eleven days on the road out of Hanoi—to the demilitarized zone

and back, thence to the port city of Haiphong and the coast near China—I saw troops passing in every direction in small numbers all day long. Significant? I don't know.

When infiltration by North Vietnamese regulars was claimed by the Americans to be at its height in 1967, they estimated 8,000 a month entering South Vietnam.

Their army trucks carry 24 soldiers. Just 12 trucks a day could carry more than 8,000 soldiers a month, if that's the way they went south in 1967.

Some of the soldiers rode bicycles of Chinese and local manufacture. They decorated their vehicles

with small bouquets of plastic flowers. Their bearing was alert, I could not talk with them. Weapons were not in evidence.

Questions about the size of North Vietnam's armed forces and about forces Hanoi has sent south were turned aside uninformatively. The question was not open for discussion.

Western estimates put the total North Vietnamese army strength at about 400,000. Estimates of the number committed to the battle in the South range from 85,000 to more than double that.

Always with my escorts, I saw little heavy military hard-

ware. A government official explained why.

"Frankly, there are things we did not want you to see. Surface to air missiles, for example."

"You know, we developed a truly Vietnamese technique for employing the missiles. Had we not decided to do so, the Americans could have destroyed them all."

"The foreign friends who gave us the missiles said they should be positioned in hardened sites. But we thought that the Americans, if they discovered the sites, would concentrate their bombing on them. We would not have one SAM left."

"We disregarded instructions (Continued on Page 8)

Girl Scouts Observe 58th Anniversary

"I've got something for the girls of Savannah and all America, and all the World . . . These are the now famous words of Juliette Low as she founded Girl Scouting in the United States 58 years ago this week.

How prophetic those words were. From the first troop of 12 girls in Savannah, Georgia an organization has developed which enriches the lives of over three million young people and the adults who work with them.

Girl Scouting has something for the girls of Pickaway County too. This past year over 680 girls between the ages of seven and 17 in 22 troops were involved in the varied and interesting program of Girl Scouting.

Equally involved were some 156 dedicated adults. One of the highlights of this Birthday Week will take place on Wednesday, when Circleville will host the Girl Scout Area IX Assn. meeting at the St. Phillips Parish House.

All Registered Adult Scouts should attend this meeting. The Association which meets twice a year to conduct the Council business is made up of all adult scouts in Circleville, Ashville, Stoutsville, Lancaster and Logan.

Birthday celebration started Sunday with Girl Scouts of all ages attending their churches in uniform to re-affirm their duty to God. Throughout this week they will find many different ways to celebrate their birthday by serving others and saying "Thank You" to the community for its support of the program.

Program Fair Held For Area Girl Scouts

Girl Scouts from most of the 22 troops in the Circleville area traveled to Lancaster High School on Saturday to view displays and skits at the annual Girl Scout Program Fair from noon to 4 p.m. Participants included Troops from Fairfield, Hocking and Pickaway counties.

Visitors enjoyed exhibits of items from foreign countries such as Germany, Mexico, England, Egypt, Japan and the Philippines and from other states such as Hawaii and Florida. Other displays illustrated Brownie crafts, Junior and Cadette badge work. First Aid methods and materials and Day Camp skills.

All these are a vital part of the total Girl Scout program, which centers around the six foundation elements of International Friendship, Citizenship, Service, Health and Safety, Troop Management and the Promise and Laws.

Skits were presented hourly in the auditorium with five or six different troops performing songs, dances and playlets during the session.

Visitors were treated to everything from homemade tacos and other foreign foods to Marshmallow Easter bunnies and paper birds.

Columbus Man Held For Burglary, Theft

Ronald Raymond Adams, Columbus, was arrested by sheriff deputies Wednesday for the burglary of the residence of Paul McAfee.

Adams was also charged with grand larceny with the theft of four pistols, three rifles and two hunting knives from the McAfee home. Total value of the weapons was \$1340.

Judge Lamb ordered Adams held under \$3,000 bond for the April session of the grand jury.

Selective Service Names New Secretary

Martha Ferguson has assumed executive secretary duties for local Selective Service Board 98.

She comes to Circleville from New Lexington where she served in the same capacity for Board 97, and replaces Ellen Blackwell, transferred to the Columbus office of Selective Service.

Pickaway PTO Slates Session

Parent Teachers Organization of Pickaway Twp. School plans to meet 8 p.m. Thursday at the school.

Grades 5 through 8 will present a musical program under the direction of John McGinley.

Chief To Attend Management School

Chief of Police Robert Temple will leave March 30 for a Police Management School in Chicago, Ill.

The school is being sponsored by the Council of Local Government Groups and will last five days.

Ohio Traffic Accidents Kill 21 Persons Over Weekend

By THE ASSOCIATED PRESS
Ohio traffic accidents took 21 lives over the weekend, with half of the deaths occurring on the final day.

The toll, bolstered by multiple death smashups Saturday and Sunday, was the second highest of the year and brought to 145 the number of persons killed on Ohio roads during the

first 10 weekends of the year. SUNDAY
SARDINIA—Charles E. Sammons, 18, Route 2, Peebles, and John C. Palmer, 19, Route 1, Peebles, in a two-car crash on Ohio 32 in Brown County. Two persons in a second auto were injured.

YOUNGSTOWN—Patricia Karies, 23, Youngstown, in a single-

car crash on Interstate 680 near Youngstown.
WAVERLY—Lawrence Rooker, 13, of Waverly, was killed when the bicycle he was riding werved into the path of an oncoming car on Ohio 335 near the Pike County Airport.

WOODVILLE—Frank Butcher, 62, of Goshen, killed when his car collided with another on the Woodville Pike in Northeast Clermont County.

CHAGRIN FALLS — Allen McDonald, 32, of Chagrin Falls, died when struck by a car as he walked along a city street here.

CLEVELAND — Ralph Bojarski, 13, of Cleveland, died Sunday of injuries received Saturday when he was struck by a bus on Cleveland's Southeast Side.

SANDUSKY — Billy Kincaid, 21, of Sandusky of injuries received in a one-car accident on U.S. 6 just west of here.

ASHTABULA — Patricia Bailey, 39, when the car in which she was riding was struck by a train at a Norfolk and Western Railway intersection just outside the city limits.

DELTA — Wilma R. Ruger, no age given, of Fayette, Fulton County, when her car went out of control and crashed two miles northeast of here on a county road.

TOLEDO — Laura Lynn Leggin, 3, Toledo, in a two-car accident on Toledo's North Side.

TOLEDO — Earnest McPherson, 39, Toledo, of injuries received earlier in the day in a two-car crash on a city street.

Mainly About People

Terry Spangler, son of Mr. and Mrs. Paul Spangler, Route 4, is a medical patient in Doctors Hospital, Columbus, room 380-north.

8 Americans

(Continued from Page 1)
wounded Sunday when a U.S. Army helicopter crashed in Quang Duc Province. The cause of the crash has not been determined, spokesmen said.

Gen. Creighton W. Abrams, commander of U.S. forces in Vietnam, and other top commanders flew to Da Nang for a ceremony shifting command of the 110,000 U.S. ground troops in the northern provinces from Marine Lt. Gen. Herman Nickerson Jr. of Boston to Army Lt. Gen. Melvin Zais of Fall River, Mass., the commander of the Army's 24th Corps.

The ceremony took place five years and a day after the Marines first landed in Vietnam, on Da Nang's "Red Beach."

The command was shifted from the Marines to the Army because Marine withdrawals as part of President Nixon's reduction of forces has left the Army's 70,000 troops the larger service in the area. The Marines are down to about 40,000 men, and there is speculation that they will be gone by the end of the year.

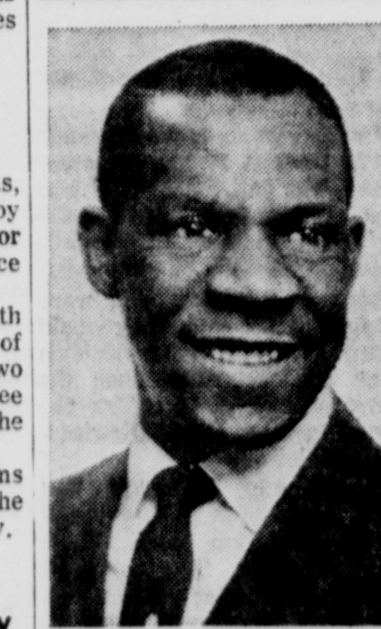

Nickerson, 56, leaves Vietnam this week after his second tour in his third war and will retire in April. Abrams decorated him today with the Distinguished Service Medal and read a message from Secretary of the Navy John Chafee praising him for "exceptionally meritorious service" and "his relentless pursuit of Communist forces."

U.S. military manpower in Vietnam dropped 2,650 men last week as the withdrawal of American forces continued. The U.S. Command announced. The cutback reduced the total manpower to 464,700 men as of last Thursday, including 330,600 Army, 29,000 Navy, 49,800 Marines, 55,000 Air Force and 300 Coast Guard.

Firemen Win Early Morning 'Pillow Fight'

City firemen responded to a call a little before nine this morning at the Quality Courts motel. A foam rubber pillow had been placed too near an electric light bulb, causing a lot of smoke but only \$1 damage.

On Saturday, firemen were called to a field in the Turner Addition, near Town St. to battle a grass fire. Cause of the blaze is unknown.

CBMC—The Circleville Christian Business Men's Committee International had their Winter Banquet Saturday night at the L-K Restaurant with 81 men in attendance. The guest speaker was Sam Dalton of Denver, Colo. Special music on the program was provided by Steven Fenwick and Larry Immel of the Circleville Bible College. The local CBMC officers are Dale DeLong, chairman; Robert Lloyd, vice chairman; John Magill, secretary; and Walton Spangler, treasurer.

U.S. Supplies, But No GIs, Abound At Laotian Outpost

By HORST FAAS
Associated Press Writer

KALONG, Laos (AP) — Twenty miles west of this outpost in the heart of the south-east Laotian panhandle is one of the main arteries of the Ho Chi Minh trail, the North Vietnamese supply line to South Vietnam.

A dirt track leading past the Laotian army camp is Route 9, and Khe Sanh, one of the famous battlefields in South Vietnam, is 60 miles away. But only special guerrilla teams of seven Laotians each venture east from Kalong.

The guerrillas' reconnaissance operations along the Ho Chi Minh trail are one of the reasons for the existence of Kalong outpost and its garrison of 150 Laotian soldiers, ranging from boys of 13 to wrinkled veterans of a quarter of a century of fighting. The guerrillas get some of their supplies from Kalong — and surface occasionally for a drink and a good night's rest at the nearby village of Muong Phalane.

These special guerrilla units try to keep an eye on what moves along the Ho Chi Minh trail. If they spot something significant—a truck convoy, a new bridge or refueling point, or a group of North Vietnamese soldiers marching south—they radio their finding to the regional Laotian military headquarters at Savannakhet, on the Mekong 50 miles west of Kalong. From there the report is channeled to the combined U.S. — Lao operations center at Vientiane, 175 miles northwest of Savannakhet. There the decision is made whether American jet bombers are called to from their bases in Thailand to attack what the guerrillas discovered.

Nobody at Kalong or anywhere else in Laos will say who trains the special guerrilla units, who lands them for their missions, and who plucks them from the jungle if they are wounded. But the Laotian armed forces do not have the helicopters or planes to do such a job, at least not in this part of Laos.

Visiting newsmen spotted a group of six guerrillas relaxing Sunday in a nearby hamlet, drinking beer with ice cubes in it and ogling some local girls bathing nude in a shallow stream. None of the soldiers in the Kalong garrison speaks any English, but the guerrillas' conversation was peppered with current American GI slang.

Kalong outpost is well stocked with American war materiel, most of it brand new. There are mortars, claymore mines and three-foot-long rocket launchers. M16 rifles were distributed two months ago. They are in tip-top shape, and a 13-year-old private took great care that no sand got into his when he posed at the edge of a foxhole for a photographer. The barbed wire around the three-month-old camp is new and of the same kind now used in Vietnam by U.S. forces and their allies. The outline of the camp, the layout of the trenches, bunkers and radio shacks, and the outer defenses of mines and bamboo spikes are straight from the U.S. Army manual on how to build a Special Forces camp.

But the great difference compared to outposts of this kind in Vietnam is the complete absence of Americans. And there was nothing to indicate that Americans were staying out of sight during an official press visit Sunday.

Voting Age

(Continued from Page 1)
began a week ago, supporters of a straight-out extension of the 1965 act have kept the upper hand so far.

A motion to table the extension bill was rejected, as were two amendments offered by Sen. Sam J. Ervin, Jr., D-N.C., to ease the law's impact on the South.

The 1965 act suspended voter literacy tests and authorized the use of federal registrars in six Southern states and parts of a seventh. It also requires these states to obtain advance approval for voting law changes from the U.S. attorney general.

The administration bill, which Southern senators prefer as the lesser of evils, drops this pre-clearance requirement and provides for uniform nationwide application of other parts of the 1965 act.

Assault Case Tops Docket

Fred Thomas Carter, Ashville, was fined \$50, sentenced to five days in jail and given one year probation for assault and battery charges in Municipal Court. On a second charge he was fined \$20 by Judge Sterling Lamb.

Cited for intoxication was Onno Wilson, Circleville. He was fined \$50 plus costs.

Earl M. Craig and Robert J. Hayslett, both employees of the McArthur Truck Co. appeared on violations of insurance and Ohio Public Utilities Commission laws. Craig was found guilty of driving a vehicle without insurance and fined \$50. Hayslett forfeited a \$34 bond for not displaying markings of the Utilities Commission.

Thomas B. Forquer, 21, of 165 Hayward Ave.; Richard E. Strawser, 40, of 433 Watt St. and Pamela Sue Manbeavers, 22, of 212 S. Scioto St., each forfeited \$24 bonds on speeding charges.

Dennis Keaton, 40, Columbus, was fined \$150, sentenced to three days in jail and had his license suspended for six months for driving while intoxicated.

Gary McCarty, 22, Williamsport, forfeited \$19 bond for making unnecessary noise with a motor vehicle.

Other fines and forfeitures collected by the court totaled \$186.

2 Drivers Cited On County Roads

Two persons were arrested and one deer killed in traffic mishaps in Pickaway County over the weekend.

Homer Ray Spence, 21, of Orient was cited by Deputy Warren Straley for left of center on N. Burgett Road at 12:40 p.m. Saturday. Spence went left of center and struck a car driven by Ruth C. Mowrey, 56, of Chillicothe. There were no injuries.

Deputy John Bost cited Glendon E. Brown, 32, of Frankfort for no operators license at 4:30 a.m. Sunday. Brown had lost control of his car on the Westfall-Frankfort Road and went into the ditch. No one was injured in the accident.

Jeffrey Thompson, 18, 574 Woodland Drive told Deputy Bill Dountz he was westbound on the South Perry Road at 8:40 p.m. Sunday when his car struck and killed a deer on the highway.

Headaches Backaches

Headaches that persist or occur frequently are danger signals that sometimes are amiss. Masking the pain with pain killers may seem an easy way for relief. The cause of the problem should be corrected before related and more serious symptoms begin to appear. A basic law of physics states "for every effect there is a cause." If the cause is not eliminated the effects will persist. Most headaches are caused by pressure on nerves. Your chiropractor is interested in locating and eliminating these pressures on nerves. Makes a lot of sense, doesn't it! No, you do not have to live with your headaches.

It has been estimated that a large percentage of the U.S. population have some kind of back pain. The following suggestions would save Americans many back aches.

1. When lifting, bend your body at the knees. This will allow the arms, legs, and hips to help the back bear the load.
2. Try to exercise all of your muscles a little instead of a few of the muscles a lot. "Warm up" before engaging in hard exercise or violent sports.
3. Make conscious efforts to improve your posture.
4. While on the job, get up and stretch occasionally.
5. Workers who sit — from tractor drivers to homemakers who peel potatoes — need seats of the right shape and size, or counters and cabinets of the right heights.

And above all remember — when back strain does occur, see your Doctor of Chiropractic immediately before it leads to serious complications.

Presented in the public interest for better health through chiropractic by the Circleville Chiropractic Center under the auspices of the Central Ohio Chiropractic Association.

Police Make Gambling Raid

Circleville Police arrested Marvin Dean, 115 Pleasant St., Friday for gambling.

Police received information he was selling "tip tickets" at his restaurant, The Place, on S. Court St. Police obtained a search warrant and raided the restaurant at 10:40 p.m. Friday.

Sgt. Larry Pontious said they confiscated 277 of the gambling tickets. Dean has been cited into Circleville Municipal Court.

A hearing is scheduled 10 a.m. March 19.

Girl Scouts Observe 58th Anniversary

"I've got something for the girls of Savannah and all America, and all the World..." These are the now famous words of Juliette Low as she founded Girl Scouting in the United States 58 years ago this week.

How prophetic those words were. From the first troop of 12 girls in Savannah, Georgia an organization has developed which enriches the lives of over three million young people and the adults who work with them.

Girl Scouting has something for the girls of Pickaway County too. This past year over 680 girls between the ages of seven and 17 in 22 troops were involved in the varied and interesting program of Girl Scouting.

Equally involved were some 156 dedicated adults. One of the highlights of this Birthday Week will take place on Wednesday, when Circleville will host the Girl Scout Area IX Assn. meeting at the St. Phillips Parish House.

All Registered Adult Scouts should attend this meeting. The Association which meets twice a year to conduct the Council business is made up of all adult scouts in Circleville, Ashville, Stoutsville, Lancaster and Logan.

Birthday celebration started Sunday with Girl Scouts of all ages attending their churches in uniform to re-affirm their duty to God. Throughout this week they will find many different ways to celebrate their birthday by serving others and saying "Thank You" to the community for its support of the program.

Program Fair Held For Area Girl Scouts

Girl Scouts from most of the 22 troops in the Circleville area traveled to Lancaster High School on Saturday to view displays and skits at the annual Girl Scout Program Fair from noon to 4 p.m. Participants included Troops from Fairfield, Hocking and Pickaway counties.

Visitors enjoyed exhibits of items from foreign countries such as Germany, Mexico, England, Egypt, Japan and the Philippines and from other states such as Hawaii and Florida. Other displays illustrated Brownie crafts, Junior and Cadette badge work, First Aid methods and materials and Day Camp skits.

All these are a vital part of the total Girl Scout program, which centers around the six foundation elements of International Friendship, Citizenship, Service, Health and Safety, Troop Management and the Promise and Laws.

Skits were presented hourly in the auditorium with five or six different troops performing songs, dances and playlets during the session.

Visitors were treated to everything from homemade tacos and other foreign foods to Marshmallow Easter bunnies and paper birds.

Columbus Men Held For Burglary, Theft

Ronald Raymond Adams, Columbus, was arrested by sheriff deputies Wednesday for the burglary of the residence of Paul McAfee.

Adams was also charged with grand larceny with the theft of four pistols, three rifles and two hunting knives from the McAfee home. Total value of the weapons was \$1340.

Judge Lamb ordered Adams held under \$3,000 bond for the April session of the grand jury.

wounded Sunday when a U.S. Army helicopter crashed in Quang Duc Province. The cause of the crash has not been determined, spokesmen said.

Gen. Creighton W. Abrams, commander of U.S. forces in Vietnam, and other top commanders flew to Da Nang for a ceremony shifting command of the 110,000 U.S. ground troops in the northern provinces from Marine Lt. Gen. Herman Nickerson Jr. of Boston to Army Lt. Gen. Melvin Zais of Fall River, Mass., the commander of the Army's 24th Corps.

The ceremony took place five years and a day after the Marines first landed in Vietnam, on Da Nang's "Red Beach."

The command was shifted from the Marines to the Army because Marine withdrawals as part of President Nixon's reduction of forces has left the Army's 70,000 troops the larger service in the area. The Marines are down to about 40,000 men, and there is speculation that they will be gone by the end of the year.

Nickerson, 56, leaves Vietnam this week after his second tour in his third war and will retire in April. Abrams decorated him today with the Distinguished Service Medal and read a message from Secretary of the Navy John Chafee praising him for "exceptionally meritorious service" and "his relentless pursuit of Communist forces."

U.S. military manpower in Vietnam dropped 2,650 men last week as the withdrawal of American forces continued. The U.S. Command announced. The cutback reduced the total manpower to 467,700 men as of last Thursday, including 330,600 Army, 29,000 Navy, 49,800 Marines, 55,000 Air Force and 300 Coast Guard.

Firemen Win Early Morning 'Pillow Fight'

City firemen responded to a call a little before nine this morning at the Quality Courts motel. A foam rubber pillow had been placed too near an electric light bulb, causing a lot of smoke but only \$1 damage.

On Saturday, firemen were called to a field in the Turner Addition, near Town St. to battle a grass fire. Cause of the blaze is unknown.

Voting Age

(Continued from Page 1)

began a week ago, supporters of a straight-out extension of the 1965 act have kept the upper hand so far.

A motion to table the extension bill was rejected, as were two amendments offered by Sen. Sam J. Ervin, Jr., D-N.C., to ease the law's impact on the South.

The 1965 act suspended voter literacy tests and authorized the use of federal registrars in six Southern states and parts of a seventh. It also requires these states to obtain advance approval for voting law changes from the U.S. attorney general.

The administration bill, which Southern senators prefer as the lesser of evils, drops this pre-clearance requirement and provides for uniform nationwide application of other parts of the 1965 act.

Assault Case Tops Docket

Fred Thomas Carter, Ashville, was fined \$50, sentenced to five days in jail and given one year probation for assault and battery charges in Municipal Court. On a second charge he was fined \$20 by Judge Sterling Lamb.

Cited for intoxication was Onno Wilson, Circleville. He was fined \$50 plus costs.

Earl M. Craig and Robert J. Hayslett, both employees of the McArthur Truck Co. appeared on violations of insurance and Ohio Public Utilities Commission laws. Craig was found guilty of driving a vehicle without insurance and fined \$50. Hayslett forfeited a \$34 bond for not displaying markings of the Utilities Commission.

Thomas B. Forquer, 21, of 165 Haywood Ave., Richard E. Strawser, 40, of 433 Watt St. and Pamela Sue Manbeavers, 22, of 212 S. Scioto St., each forfeited \$24 bonds on speeding charges.

Dennis Keaton, 40, Columbus, was fined \$150, sentenced to three days in jail and had his license suspended for six months for driving while intoxicated.

Gary McCarty, 22, Williamsport, forfeited \$19 bond for making unnecessary noise with a motor vehicle.

Other fines and forfeitures collected by the court totaled \$186.

2 Drivers Cited On County Roads

Two persons were arrested and one deer killed in traffic mishaps in Pickaway County over the weekend.

Homer Ray Spence, 21, of Orient was cited by Deputy Warren Straley for left of center on N. Burgett Road at 12:40 p.m. Saturday. Spence went left of center and struck a car driven by Ruth C. Mowrey, 56, of Chillicothe. There were no injuries.

Deputy John Bost cited Glendon E. Brown, 32, of Frankfort for no operators license at 4:30 a.m. Sunday. Brown had lost control of his car on the Westfall-Frankfort Road and went into the ditch. No one was injured in the accident.

Jeffrey Thompson, 18, 574 Woodland Drive told Deputy Bill Duntz he was westbound on the South Perry Road at 8:40 p.m. Sunday when his car struck and killed a deer on the highway.

'Silent Majority' Members Hoist U.S Flag In Cincy

CINCINNATI (AP) — The American flag is flying again at Fountain Square thanks to six men who became tired of being among the "silent majority."

The Winton Place Veterans donated the flag and two of the six hoisted it to the top of a pole at Fountain Square Sunday where a flag was ripped down Saturday following a demonstration.

"It's about time the so-called 'silent majority' started saying and doing," said Richard Westerbeck, 30, adding that "none of us has ever been involved in any movement."

Westerbeck, an ex-Marine; his two brothers, Paul, 31, and Donald, 35; and three cousins spent much of Sunday trying to locate a city official who would have a flag put back up.

Richard Westerbeck said that they could not reach anyone of the necessary authority and were told the flag would be replaced Monday.

The flag was torn down after youths demonstrating at the Federal Building in protest of the Chicago Seven conspiracy trial moved to the Fountain Square area in downtown Cincinnati.

"We felt that the city should have put it right back up," Richard Westerbeck said.

Five people were arrested after the incident and Donald

St. Germain, 27, of Cincinnati was charged with removing a flag, disorderly conduct and malicious destruction of property.

Others arrested on charges of resisting an officer, disorderly conduct or both were David Hoffman, 27; Jeffery Berliner, 21; Joyce Reichman, 18; and Michele Brown, 19.

All were released on bond and were to appear in Hamilton County Municipal Court today.

Ohio Solons Again Study Interest Rate

By THE ASSOCIATED PRESS
COLUMBUS, Ohio (AP)—The bill eliminating federal home loans from an Ohio law that limits interest to 8 per cent goes before the House again tonight with new arguments brewing.

The AFL-CIO, which contends the law isn't necessary, says some banks are now lowering interest rates and the national trend is downward rather than upward.

Its contentions are expected to be heard on the floor as the House debates the bill for the second time in two months.

The bill, specifically exempting VA and FHA loans from the usury law, was first up Jan. 13. It was jerked back to committee after an emergency designation was rejected by a floor vote.

The bill, authored by Rep. Charles E. Fry, R-9, Springfield, was prompted by a federal order that upped interest on the loans to 8.5 per cent.

Ohio mortgage lenders specializing in the loans said their market would dry up because they couldn't compete nationally because of the state restrictions on interest.

Four minor pieces of legislation are also up for a vote in the House. The Senate will decide two bills. Both houses go into session at 8 p.m.

Contracts Awarded To Dayton Firms

WASHINGTON (AP) — The Small Business Administration announced today the awarding of two construction contracts to Dayton firms owned and operated by members of minority groups.

The contracts, designed to provide minority businesses with practical experience in government contract procurement, is jointly sponsored by the SBA and the Department of the Air Force. Contract work will be done on facilities at Dayton's Wright-Patterson Air Force Base.

NEW YORK (AP) — "Dial Hot Line," a two-hour film feature on ABC Sunday night, gave viewers a king-size preview of a series scheduled for the network next season.

Vince Edwards starred as a sort of super social worker, handling the assignment as if Ben Casey had switched from neurosurgery to psychiatry. He operated a telephone service for young people who needed to talk out their problems.

The "Hot Line" was handled by young volunteers on the idea that the young want to talk to the young. Presumably we met the volunteers assigned as regulars for the series. The pilot show encompassed a number of cases—a boy threatening suicide and carrying out his threat; a psychotic youth who attacked a Hot Line volunteer; a run-away boy, and a rebellious 16-year-old girl who hated everybody, particularly her mother.

The show, in spite of all the plots and subplots, crept along at a snail's pace. There were too many characters to get to know any, and Edwards was aloof, grim and remote without any compensating human qualities.

Television has not seen many social workers since the demise a few seasons back of "East Side, West Side," in which George C. Scott played a social worker. Post mortems of the series' short run usually included a diagnosis that the social worker as hero was a mistake. He was forced to be a spectator of other people's problems instead of a protagonist. This ABC pilot suggests the same trouble will plague "Dial Hot Line."

The three networks turned out with a will to permit viewers, no matter where situated, to enjoy the spectacle of a total eclipse of the sun—the type event television can cover superbly.

They scattered reporters and cameras from Mexico to Nova Scotia. They set up animal experiments—most of which did not work. They interviewed scientists and they spent a lot of time warning the public not to look at the eclipse with unprotected eyes.

The most effective camera coverage came from Mexico;

the last effective was from a plane.

CBS premiered a new series, "Adventure," on Friday night with a sketchy account of a 2,000-mile voyage on the Pacific from Peru to Central America in a primitive craft made of bundles of reeds.

The project, dreamed up by an American adventurer named Gene Savoy, was to test a theory that the early Indian civilization of Central America had its roots further south.

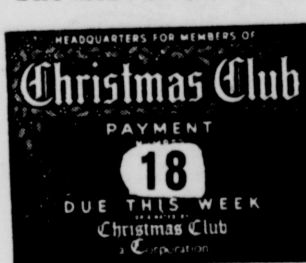

The program was a colorful hour with handsome mountain and ocean scenery but it seemed more of a TV stunt than a real scientific experiment.

Seek Ban On Picketing At Hospital

CLEVELAND, Ohio (AP) — Suburban Community Hospital representatives are asking Cuyahoga County Common Pleas Court to ban all picketing by striking members of the American Federation of State, County and Municipal Employees (AFSCME).

Judge John V. Corrigan set a hearing today on the hospital request.

The judge issued a temporary order Saturday limiting pickets to 10 at each of two driveway entrances of the hospital in suburban Warrensville Heights.

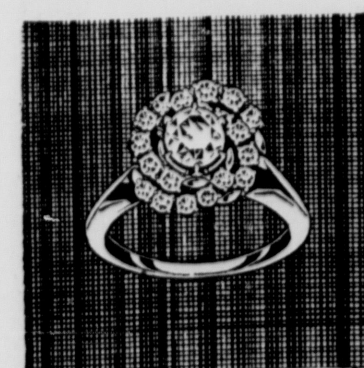

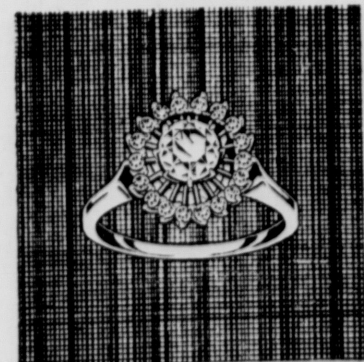

In the wake of a series of picket line incidents the judge also ordered the strikers not to interfere with vehicles using the driveways.

Warrensville Police Chief Herbert T. Burgess told the court he was kicked in the ribs during one scuffle. He said pickets massed at the entrances stopped every vehicle using the driveway and that some side mirrors and antennas on automobiles were broken by the pickets.

Meanwhile, the Cleveland AFL-CIO Federation of Labor accused the hospital of refusing to bargain and of making "a mockery" out of representation elections by "withdrawing its recognition of the union and refusing to enter into contract negotiations" until another election is held.

Hospital management has said it asked for another election because it questions whether the union still represents a majority of the 170 nonprofessional employees. The union won its first representation election by a narrow margin two years ago.

NEW YORK (AP) — "Dial Hot Line," a two-hour film feature on ABC Sunday night, gave viewers a king-size preview of a series scheduled for the network next season.

Vince Edwards starred as a sort of super social worker, handling the assignment as if Ben Casey had switched from neurosurgery to psychiatry. He operated a telephone service for young people who needed to talk out their problems.

The "Hot Line" was handled by young volunteers on the idea that the young want to talk to the young. Presumably we met the volunteers assigned as regulars for the series. The pilot show encompassed a number of cases—a boy threatening suicide and carrying out his threat; a psychotic youth who attacked a Hot Line volunteer; a run-away boy, and a rebellious 16-year-old girl who hated everybody, particularly her mother.

The show, in spite of all the plots and subplots, crept along at a snail's pace. There were too many characters to get to know any, and Edwards was aloof, grim and remote without any compensating human qualities.

Television has not seen many social workers since the demise a few seasons back of "East Side, West Side," in which George C. Scott played a social worker. Post mortems of the series' short run usually included a diagnosis that the social worker as hero was a mistake. He was forced to be a spectator of other people's problems instead of a protagonist. This ABC pilot suggests the same trouble will plague "Dial Hot Line."

The three networks turned out with a will to permit viewers, no matter where situated, to enjoy the spectacle of a total eclipse of the sun—the type event television can cover superbly.

They scattered reporters and cameras from Mexico to Nova Scotia. They set up animal experiments—most of which did not work. They interviewed scientists and they spent a lot of time warning the public not to look at the eclipse with unprotected eyes.

The most effective camera coverage came from Mexico;

the last effective was from a plane.

CBS premiered a new series, "Adventure," on Friday night with a sketchy account of a 2,000-mile voyage on the Pacific from Peru to Central America in a primitive craft made of bundles of reeds.

The project, dreamed up by an American adventurer named Gene Savoy, was to test a theory that the early Indian civilization of Central America had its roots further south.

The program was a colorful hour with handsome mountain and ocean scenery but it seemed more of a TV stunt than a real scientific experiment.

Tax Compliance

Probably the thing an honest taxpayer likes least of all, after his own tax return, is the tax evader who gets off with a slap on the wrist. According to a survey by the Internal Revenue Service, in some states the odds are excellent that nothing more serious than a fine will be slapped on the convicted tax cheat.

In the last three years, only 2 percent of those convicted of evading federal taxes in New Jersey were given jail terms. In the New England states the record was 65 percent and in Memphis it reached something of a high at 91 per cent.

Whatever the reasons for this wide variance in treatment of tax evaders, it is apparent some judges do not consider tax fraud a very serious charge.

It is a pity the IRS did not include

some research into the number of tax cheats in ratio to the general population of the states surveyed, but it would be a safe bet that such a ratio would be higher in New Jersey than in the Memphis area.

Once a significant portion of the population gets the impression payment of income taxes is something of a game, with only a penalty and interest charges added to the tax bill if caught, voluntary compliance — an essential feature of any successful tax collection system — will go out the window.

One of the reasons many Latin countries have never been able to institute a realistic tax program is that both the public and many government officials regard taxation as a joke.

The outlook apparently exists in some parts of the United States, too.

Tip For Borrowers

If you've been having trouble borrowing money lately, it may be that you don't cross your Ts in a way to inspire confidence.

It seems that an increasing number of banks, credit agencies, industry personnel managers and police departments are keeping an eye on the way people write to determine whether they are worthwhile risks.

In the hands of a competent analyst, samples of handwriting are more revealing than Rohrschach ink blot tests and equally as effective as the lie detector.

Cross your Ts carefully and with a straight stroke. Umbrella-shaped crosses show you're trying too hard to control some basic flaw of character. Such as not repaying loans.

Circleville residents were up in arms over a proposal before the Ohio House of Representatives to approve a bill for the "rubber railroad," a long conveyor belt which would be built from East Liverpool and the Cleveland area to haul coal and iron ore. If passed the bill would cut in half tax revenues from the railroad companies passing through the county.

Plans to set up a Community Chest in Pickaway County reached the stage where the public would be called upon to give the decision. Local fund raising agencies were mixed in their feelings about its adoption.

Walnut school janitor, Edward Hamilton, was off work recovering from a virus illness and blood clot in his leg. His duties were taken over by Wayne Hines, a member of the school board.

City Board of Education announced a change in entrance age requirements for children entering city schools. Pupils had been admitted to kindergarten if they were five years old before November 1. Under the new ruling a child had to be five years old before September 1.

Doctors in Pickaway County joined other medical men in studying reports that pieces of gold, each of them costing about five cents, had earned a valuable role in the treatment of certain cancers. The tiny gold seeds, snipped from slender wires of radioactive gold one-one hundredth of an inch thick, encased in a narrow tube of inert gold and then slid into a hollow nylon thread, were being used routinely in the nation.

Main Street's first major improvement in more than 25 years was scheduled to get underway in August. Paul B. Brown informed the city that the buildings at 137-141 West Main St. would be razed and a new structure with a 61-foot frontage would be erected for the J. C. Penney Co. The buildings to be torn down were occupied by the Blue Furniture Co. and Moore's store. The building occupied by Moore was about 125 years old and a part of the original circle.

The Business World

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — There might appear to be something micawberish about the attitude of some industrialists these days as they make plans for higher sales and big profits in the coming months.

Not macabre, which means ghastly—although certain economists committed to the forecast of an imminent recession might interpret it that way, for it certainly threatens their plans.

Micawber, instead, in the spirit of Mr. Micawber, a character in David Copperfield whose motto was: "Something will turn up." An improvident man, he lived in constant expectation of an upturn in his fortunes.

Many industrialists are ignoring the gloomy forecasts of the economists and are looking for that upturn. Many others feel that business, at any rate, won't turn down, at least for their companies.

Acting on their assumptions, these businessmen not only are planning big spending projects, they are anticipating big profits. Reliable surveys show this.

The McGraw-Hill economics department queried businessmen last month and found they expect a 6 per cent rise in corporate earnings in 1970 to a record total of \$95.2 billion. In a "slowed down" economy?

"This," said Business Week magazine, "is almost the exact opposite of what Washington has said will happen to profits."

In fact, the official forecast from Washington—that profits could be expected to fall 5.6 per cent from last year—has been criticized as too optimistic by some economists.

Businessmen, however, obviously are not listening to the economists, for disbelief in forecasts is revealed also by their plans for capital spending projects, which surveys show keep rising over last year's totals.

Government and private economists now foresee sizeable increases in the amounts of money that industry expects to spend for improving plants and equipment. More important, the plans seem to grow rather than shrink.

Rinfret - Botson Associates completed a survey late last week that indicated business expects to spend 13.2 per cent more in 1970 than last year. Early last fall, a similar survey put the percentage at 8.

"If there is to be a downturn," the businessmen seem to be saying, "there will be an upturn shortly thereafter." In effect, they are looking over the present valley, if it is that, to the heights beyond. And they are getting ready to climb those heights.

Pierre Rinfret declines to concede that a valley exists. To accept the existence of a valley in the line chart of economic activity is to admit the presence of a recession, which Rinfret states isn't the case.

"Maybe," he says, "they're looking over a saucer," which is a term economists use to indicate a shallow trough, a gentle rather than abrupt dip in an otherwise upward line on the economic chart.

If the plans of business come true, it would indicate that the Nixon administration will not get all the stability it sought when it began efforts 14 months ago to rein in the economy.

By JOHN CHAMBERLAIN

Unless a continuing inflation does him in, the politics of 1970 promise to shape up well for Richard Nixon. The big issues that have made votes for the Liberal Left — Vietnam, school integration, poverty — may not have been entirely defused, but they no longer pack the old wallop. Crime is still very much with us, but the New Left continues to make Republicans look good by perpetrating such outrages as bank burning and court disruption. The new "environmental" issues — pollution, the transportation of commuters — receive just as much attention from Republicans as they do from Democrats, which takes them out of "party" politics. Nevertheless, in certain key areas, Richard Nixon could lose for winning.

Take New York State, to name the most prominent example. Charles Goodell, the incumbent U.S. Senator by courtesy of an appointment by Governor Nelson Rockefeller, has, as of the moment of writing, managed to maintain a favorable position as a candidate to succeed himself. Rockefeller, who doesn't want to stir up organizational trouble in his own campaign for a new term as Governor, has been working hard to keep the Republican county chairmen from deserting to candidates other than Goodell. Since the Rockefeller checkbook is potent, and since a majority of the county chairmen have State jobs, there has been a deceptive calm on the surface of the political waters.

Under the surface, however, the tides have begun to move. The criticism is more and more heard that Senator Goodell might as well be a New Left Democrat for all the good he does President Nixon and the Republicans in Washington.

Goodell wants to pull the plug in Vietnam by setting a hard-and-fast date for our total withdrawal; by his super-dovish stand he would force Nixon to go into the 1972 election as the first President in U.S. history to accept total defeat in a war.

On the Carswell nomination to the Supreme Court Goodell has gone out of his way to hurt Nixon. He was also an extremely vocal opponent of the President's ABM policy. So, if he goes back to Washington as Senator, what have the Nixon Republicans managed to achieve? A little help, perhaps, in organizing the Senate in case they have a majority, but no help at all on programs.

Knowing that Goodell is potentially vulnerable, a lot of people have been debating the idea of taking him on in a primary. But the debate has been under cover.

Now the indications are that Goodell's status as an untouchable is about to disappear. There has been a move among some of the down-the-line members of the New York Conservative Party, a move not countenanced by the leadership, to run Mario Procaccino, who lost to John Lindsay in the New York City mayoralty election, as a Conservative-Independent candidate for Senator just to insure Goodell's defeat. This presumably belongs to the realm of fantasy: what the top Conservatives are really hoping for is that State Senator John Marchi, the Staten Island Republican who beat Lindsay in the primaries, has made up his

mind to go after Goodell's job. Marchi, putting a wet finger to the wind, has said he will reach a decision soon.

If Marchi breaks the jam, other potential Republican candidates will most likely jump in. State Senator Edward Speno, who declared himself eligible a long time ago, has never withdrawn his name. He has been under fire on Long Island, particularly in Publisher Bill Moyers' Newsday, for his part in land deals, but he has money to spend on politics. John Hughes, an independent-minded Republican State Senator from Syracuse; Joe Carlino, former Speaker of the Assembly; and John Gilbooley, former Assistant Secretary of Labor and member of the New York City Transit Commission, are other Republicans who are

straining at the leash. Still another potential entry is William J. Casey, the Long Island lawyer who organized the National Citizens Committee for Peace With Security which helped Nixon win his narrow ABM system victory in the Senate. By opposing conservative Republican Steve Derounian in a Long Island fight some years ago Casey created bad blood among those who subsequently blamed him for putting Derounian out of politics. But, as one Conservative Party spokesman put it, "in a clutch there can be forgiveness."

Anyway, there is suddenly plenty of talk in the stables about a multiplicity of horses at the starting gates. Goodell may find himself in a lot of trouble yet.

WASHINGTON MEMO

By Congressman
CHALMERS P. WYLIE
15th District of Ohio

The big news of the week in Congress had to be the action designed to avert a threatened nationwide railroad shutdown. Congress voted a 37-day "no strike, no walk out" moratorium in an effort to produce a voluntary agreement between the railroad unions and management. All of the railroad unions had approved an agreement with management except the sheetmetal workers, which represent about one-third of one per cent of the railroad labor force.

The unions had agreed among themselves that, if the rank and file of any one of the unions voted against the agreement, all unions would strike even though other unions, such as the machinists, electricians and boilermakers had ratified the negotiated agreement.

We got an example of just how fast Congress can work in an emergency. The action of the sheetmetal workers was not known until Tuesday morning. The President sent a message to Congress which recommended legislation which would have bound all of the unions, including the sheetmetal workers, to the negotiated agreement. The bill was immediately sent to the Interstate and Foreign Commerce Committee and reported out on Wednesday. The Senate acted first on Wednesday afternoon and then the House, and it was sent to the President before Wednesday night. Whether this emergency legislation will prevent a walk out is not yet known, but Congress has acted, in my judgment, in the best way it could to avert what might have been a disastrous railroad strike.

The culmination of an eight-month fight came on Tuesday when the House agreed to the \$19.4 billion bill approved by the Senate for Labor-Health, Education and Welfare Appropriations. The \$19.4 billion figure is something over \$600 million more than the Administration budget request. However, there is a provision which would permit the President to withhold two per cent of the amount if needed to curb inflation. The \$19.4 billion figure is over \$300 million under the amount provided for in the bill vetoed by the President and sustained by the House.

Three provisions adopted by the House to legalize "freedom of choice" school plans and specifically outlaw the bussing of students to achieve racial integration were deleted from the bill in conference.

Another significant provision of the bill is one which would provide similar treatment for students in Class B impacted aid school districts and Class A students. Class B students are

children of persons working for the federal government — living off a military reservation and Class A students are children of persons working and living on a federal reservation. As I had indicated earlier, our school districts will benefit from an equal treatment provision.

On Thursday in separate ceremonies in Washington, London and Moscow, the five nuclear powers observed the coming into effect of the Nuclear Non-Proliferation Treaty. The Congressional action on this took place last year when the Senate voted to participate in the Treaty which would ban testing of nuclear weapons in space. It would not prohibit underground tests. Most of the nuclear power nations in the world favor reducing nuclear weapons and signed the Treaty with the exception of Canada, Sweden and East Germany. West Germany, Japan, Switzerland, Australia, Italy, Belgium and The Netherlands have signed the Treaty but have not yet ratified it.

The Treaty is designed to keep the arms race from getting worse. Whether this purpose can be effected remains to be seen. The so-called Strategic Arms Limitation (SALT) Talks are the major issue in the Test Ban Treaty.

On March 3, the President sent to Congress his message on education reform. The significant suggestion in the message would provide for the establishment of a National Institute of Education. The National Institute of Education, it is suggested, would be the major instrument for developing effective educational research in the problems of school finance, the improvement of the reading ability of America's school children and the importance of pre-school and early childhood education as major commitments.

The American people will spend over \$65 billion for education, public and private, from kindergarten through the graduate schools this year. This represents one-half of all the total expenditures for education in the entire world, although we are less than one-tenth of the world's people. If money alone were any assurance of success in education, we should not have the urgent needs which do now exist. We have produced significant accomplishments through our educational system. Yet, almost daily, I receive letters citing examples of failures in education. I think what the President is saying is that we must spend our money more efficiently and effectively. Certainly I applaud and support this concept.

2 Persons Killed As Plane Crashes

COLUMBUS, Ohio (AP) — Thomas C. Graydle, 45, of Grove City and George T. Werts, 35, of Columbus were killed Saturday in the crash of a small private plane near the Madison County line southwest of here.

The Ohio Highway Patrol said it was not known what caused the crash, which occurred while the men were on a pleasure ride.

Big capital spending plans mean continued upward pressure on interest rates and prices, both of which the administration hopes to lower. And big profits would suggest little further slowdown of business activity.

True, consumption is being slowed, but businessmen believe the situation is temporary and aren't about to be caught sitting on their hands while their competitors are grabbing customers in off the streets.

There has been a shift of spending from consumption to investment as business prepares for a boom ahead. Are businessmen micawbers?

Three provisions adopted by the House to legalize "freedom of choice" school plans and specifically outlaw the bussing of students to achieve racial integration were deleted from the bill in conference.

Another significant provision of the bill is one which would provide similar treatment for students in Class B impacted area school districts and Class A students. Class B students are

children of persons working for the federal government — living off a military reservation and Class A students are children of persons working and living on a federal reservation. As I had indicated earlier, our school districts will benefit from an equal treatment provision.

On Thursday in separate ceremonies in Washington, London and Moscow, the five nuclear powers observed the coming into effect of the Nuclear Non-Proliferation Treaty. The Congressional action on this took place last year when the Senate voted to participate in the Treaty which would ban testing of nuclear weapons in space. It would not prohibit underground tests. Most of the nuclear power nations in the world favor reducing nuclear weapons and signed the Treaty with the exception of Canada, Sweden and East Germany. Japan, Switzerland, Australia, Italy, Belgium and The Netherlands have signed the Treaty but have not yet ratified it.

The Treaty is designed to keep the arms race from getting worse. Whether this purpose can be effected remains to be seen. The so-called Strategic Arms Limitation (SALT) Talks are the major issue in the Test Ban Treaty.

On March 3, the President sent to Congress his message on education reform. The significant suggestion in the message would provide for the establishment of a National Institute of Education. The National Institute of Education, it is suggested, would be the major instrument for developing effective educational research in the problems of school finance, the improvement of the reading ability of America's school children and the importance of pre-school and early childhood education as major commitments.

The American people will spend over \$65 billion for education, public and private, from kindergarten through the graduate schools this year. This represents one-half of all the total expenditures for education in the entire world, although we are less than one-tenth of the world's people. If money alone were any assurance of success in education, we should not have the urgent needs which do now exist. We have produced significant accomplishments through our educational system. Yet, almost daily, I receive letters citing examples of failures in education. I think what the President is saying is that we must spend our money more efficiently and effectively. Certainly I applaud and support this concept.

MARCH 1955
15 YEARS AGO

Circleville residents were up in arms over a proposal before the Ohio House of Representatives to approve a bill for the "rubber railroad," a long conveyor belt which would be built from East Liverpool and the Cleveland area to haul coal and iron ore. If passed the bill would cut in half tax revenues from the railroad companies passing through the county.

Plans to set up a Community Chest in Pickaway County reached the stage where the public would be called upon to give the decision. Local fund raising agencies were mixed in their feelings about its adoption.

Walnut school janitor, Edward Hamilton, was off work recovering from a virus illness and blood clot in his leg. His duties were taken over by Wayne Hines, a member of the school board.

City Board of Education announced a change in entrance age requirements for children entering city schools. Pupils had been admitted to kindergarten if they were five years old before November 1. Under the new ruling a child had to be five years old before September 1.

Doctors in Pickaway County joined other medical men in studying reports that pieces of gold, each of them costing about five cents, had earned a valuable role in the treatment of certain cancers. The tiny gold seeds, snipped from slender wires of radioactive gold one-one hundredth of an inch thick, encased in a narrow tube of inert gold and then slid into a hollow nylon thread, were being used routinely in the nation.

Main Street's first major improvement in more than 25 years was scheduled to get underway in August. Paul B. Brown informed the city that the buildings at 137-141 West Main St. would be razed and a new structure with a 61-foot frontage would be erected for the J. C. Penney Co. The buildings to be torn down were occupied by the Blue Furniture Co. and Moore's store. The building occupied by Moore was about 125 years old and a part of the original circle.

Seventy-four mile an hour winds lashed the county, ripping

down power and telephone lines, and causing damages in the thousands of dollars. The river, swollen by the quick, heavy rainfall rose six feet during the evening on March 21. County schools were closed due to lack of power and heat.

Moses Ammer, 141 Pleasant St., widely known confectioner and grocer, died in White Cross Hospital, Columbus. He operated a store on S. Court St., one-half block from the center of the community for over 30 years.

Ed Wallace, Pickaway County's state representative offered a proposal for prorated haircutting to members of the General assembly. Wallace pointed out that it was unfair to pay the full rate for haircuts when there was so little hair to cut. Barbers all over the state took initiative and informed their representatives — in no uncertain terms — just how they felt about the matter.

Girls and boys who worshipped America's greatest cowboy, Hopalong Cassidy, urged their mothers to buy Med-O-Pure milk because it had free pictures of their pal "Hoppy" on the carton.

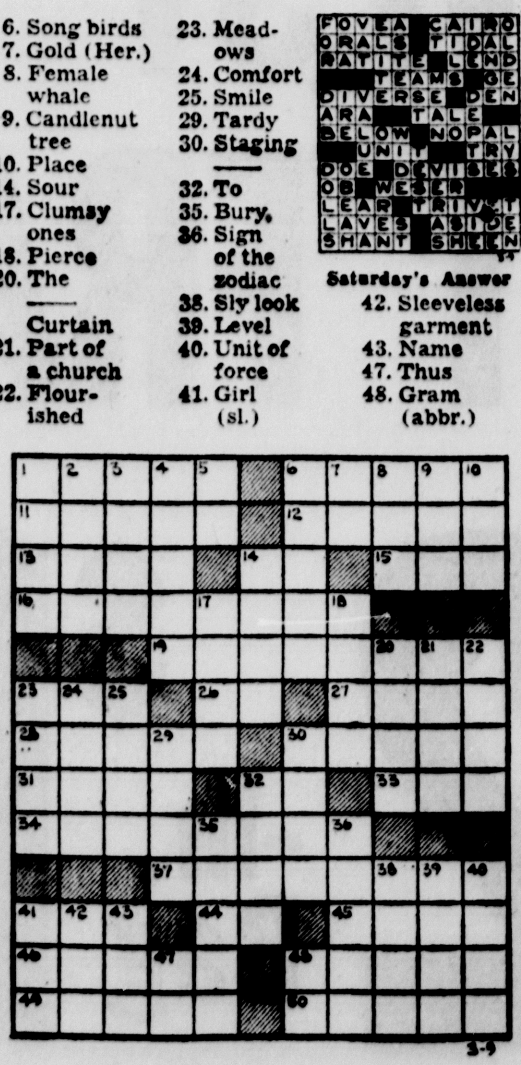

Circleville was relatively concerned when surrounding areas were staging grand rallies and setting up all kinds of plans for protection from atomic attack. Bernard Tait, head of the local Civil Defense unit, stressed Roundtown's strategic position to Columbus and Lockbourne Air Base made it critical for citizens to have some type of defense against atomic attack.

Knollwood Village staged its grand opening March 20. Features of the new community included rolling, wooded areas restricted to traffic, street lighting, fire protection, gas, water and electricity, picnic and playground areas.

City Wants Plant Open

AVON LAKE, Ohio (AP) — The mayor of this Lorain County community says the city will send a delegation to Detroit to see if there is anything the city can do to get Fruehauf Corp. to reconsider its plans to shut down its big trailer manufacturing plant in Avon Lake.

Fruehauf announced last week that it was closing the plant because of high labor and maintenance costs and because design and layout of the 25-year-old plant do not lend themselves to "efficiency of production."

Loss of the plant, which employs about 1,000 workers, would cost the city \$120,000 in lost tax revenues, according to Mayor Harold W. Earley. The mayor said the loss to the school system in tax revenue would be \$80,000 a year.

Avon Lake has a budget of about \$1 million.

The plant, valued at \$8 million, is said by Fruehauf to be the largest trailer manufacturing plant in the world.

Dear Abby:

By Abigail Van Buren

Muscle Man Is No Lover

DEAR ABBY: I am a 28-year-old divorcee, and very attractive, I'm told. A handsome, middle-aged, never-married man recently joined our organization, and what a gorgeous hunk of man he is! Six feet 2, 190 pounds, shoulders and chest like you wouldn't believe, plus a 33-inch waist and narrow, narrow hips. He was obviously very proud of his physique and removed his jacket every chance he got. Word soon got around that weight-lifting and muscle control were his hobbies. He also gave the impression that he was a big man in the "love department."

I couldn't wait to find out how "great" he was, so I invited him to my apartment for a candlelight, wine and "music to love by" dinner. Well, this gorgeous hunk of man turned out to be the world's biggest disappointment. After dinner he stripped to the waist and spent the rest of the evening in front of the mirror flexing his muscles!

Question: What's wrong with these muscle men? I knew another "Adonis" who looked like a real lady-killer, and when I kissed him, he FAINTED!

DEAR STRUCK: Generalizations are unfair, but most men who are inordinately preoccupied with building beautiful bodies are trying desperately to build the image of a he-man. They are usually disappointing in the "love department" because they love only themselves—or their mothers.

DEAR ABBY: My husband and I have lived in this little cottage for nearly 10 years. We do not OWN it, we are renting.

When we moved in, there were no flowers, plants, or shrubbery, so we put in our own, which improved the appearance of the property 100 per cent.

Our landlord has told us that when our lease expires (in about 6 months) we will have to move, because his daughter wants to move into this house. Of course, that is his right, but our question is this: Since we put in all that shrubbery and so many lovely flowers and plants, are we entitled to dig up what can be moved and replanted?

DEAR WANTS TO KNOW: It is possible that anything affixed to the soil would be considered part of the real estate. If it CAN be removed without defacing the property, you may be within your rights to move it. Better consult a lawyer before you do any digging. Dig?

DEAR ABBY: Last year I lost my husband of nearly 40 years. We had no children. A niece and nephew invited me to come and make my home with them as they have four children and a very large home. I accepted as I didn't especially enjoy living alone.

Now I find that my niece and nephew are constantly on the go, taking week-end trips and making plans for an extended vacation—just the two of them.

They tell everyone that they now have a "built-in sitter."

"NEW" SOLUTION—Roy Innis, national director of the Congress of Racial Equality (CORE), says in Washington that neither segregated nor integrated schools has worked for black children, and calls for racially separate schools run by predominant races in their districts.

DEAR ABBY: In reference to the wife who was embarrassed in restaurants because her husband insisted upon calling all the waitresses "Honey" or "Dear."

My husband used to do that, too, until I insisted upon going only to restaurants where waiters served. Swallowing my dignity, I called the waiter "Honey" or "Dear." Well, the third time, it really worked when I called him, "Handsome" and "Lover."

From then on, my husband has addressed waitresses as "MISS" — nothing more.

MR. AND MRS. JOHN B. MAST

Open House Celebrates Golden Wedding

Pickaway Country Club was the setting for the open house in observance of the Golden Wedding Anniversary of Mr. and Mrs. John B. Mast, Route 3, Sunday afternoon.

The club house is the former home of Mrs. Mast, where the couple was married March 10, 1920, by the Rev. David McDonald of St. Philip's Episcopal Church.

The entire club was decorated with vases and pots of yellow flowers. The refreshment table, covered with a white cloth was decorated with gold net looped around the edge and a gathered skirt of flowered matching net. The centerpiece was of yellow mums, daffodils, roses and carnations. Candelabra with yellow tapers were placed at either end of the table. A silver punch bowl, coffee service and trays of mints completed the table decorations.

On a separate white linen covered table stood a three tiered cake topped with flowers and in gold the words 50th Anniversary.

Hostesses were Mrs. Turney Pontius, sister of Mrs. Mast; Mrs. H. Miller (Rosemary) Dunkel, daughter of the couple and Mrs. Wilbur (Elinor) Mast, a daughter-in-law. Presiding at the guest book were Bryan Dunkel and Johnny Mast, grandsons.

Garden Club Reviews Arbor Day

The March meeting of Deer Creek Garden Club was held in the home of Mrs. Paul Counts, Route 2, Mrs. W. E. Gibson, president, conducted the business session during which plans were made for a community project. Members shared observation and interest in birds, garden club, and areas and reasons for conservation.

Guests introduced were Mrs. George Immell of Chillicothe and Mrs. Clarence Willoughby of Circleville. For the program Mrs. Ted Corcoran reviewed details of Arbor Day which was begun in 1872. She told of ways which garden clubs could recognize this special day which is the fourth Friday in April. Mrs. Bertha Porter gave a narrated - illustrated picture of new annuals resulting from horticulture interest and labor, and two clever but possible different recipes for "A Happy Home" after "A Wedding Cake."

Refreshments were served by the hostess Mrs. Taes and her assistants Mrs. Walter Cummins and Mrs. Alfred Cook. There were 22 members and one guest present, Miss Ethel Creager.

A sauce for chicken or rice can be made in a trice. Brown 1/3 cup slivered almonds and a dash nutmeg in 1 tablespoon butter. Blend in 1 can condensed cream of chicken soup, and 1/2 cup sour cream. Heat; stirring now and then. Makes about 2 cups.

MR. AND MRS. JOHN B. MAST

Open House Celebrates Golden Wedding

Pickaway Country Club was the setting for the open house in observance of the Golden Wedding Anniversary of Mr. and Mrs. John B. Mast, Route 3, Sunday afternoon.

The club house is the former home of Mrs. Mast, where the couple was married March 10, 1920, by the Rev. David McDonald of St. Philip's Episcopal Church.

The entire club was decorated with vases and pots of yellow flowers. The refreshment table, covered with a white cloth was decorated with gold net looped around the edge and a gathered skirt of flowered matching net. The centerpiece was of yellow mums, daffodils, roses and carnations. Candelabra with yellow tapers were placed at either end of the table. A silver punch bowl, coffee service and trays of mints completed the table decorations.

On a separate white linen covered table stood a three tiered cake topped with flowers and in gold the words 50th Anniversary.

Hostesses were Mrs. Turney Pontius, sister of Mrs. Mast; Mrs. H. Miller (Rosemary) Dunkel, daughter of the couple and Mrs. Wilbur (Elinor) Mast, a daughter-in-law. Presiding at the guest book were Bryan Dunkel and Johnny Mast, grandsons.

Garden Club Reviews Arbor Day

The March meeting of Deercreek Garden Club was held in the home of Mrs. Paul Counts, Route 2, Mrs. W. E. Gibson, president, conducted the business session during which plans were made for a community project. Members shared observation and interest in birds, garden club, and areas and reasons for conservation.

Guests introduced were Mrs. George Immell of Chillicothe and Mrs. Clarence Willoughby of Circleville. For the program Mrs. Ted Corcoran reviewed details of Arbor Day which was begun in 1872. She told of ways which garden clubs could recognize this special day which is the fourth Friday in April. Mrs. Bertha Porter gave a narrated illustrated picture of new annuals resulting from horticulture interest and labor, and two clever but possible different recipes for "A Happy Home" after "A Wedding Cake."

Refreshments were served by Mrs. Counts assisted by Mrs. Leora Sayre. Others present were Ilo Stevenson, Mrs. Walter Wright, Mrs. Omer Lemming, Mrs. J. R. Bright, Mrs. Fred Corcoran and Mrs. Edna Newhouse.

A sauce for chicken or rice can be made in a trice. Brown 1/3 cup slivered almonds and a dash nutmeg in 1 tablespoon butter. Blend in 1 can condensed cream of chicken soup, and 1/2 cup sour cream. Heat, stirring now and then. Makes about 2 cups.

Arrangements Program Presented To Garden Club

Mrs. Charles Taes hosted the Soliqua Garden Club Friday afternoon at her home in Ashville.

Mrs. Glenn Rinehart presided at the business meeting. For devotion, Mrs. Taes read the 90th Psalm and gave a prayer.

Birthday dues were received from Miss Mary Shortridge. A thank-you card was read from Mrs. Russell Perrill. Members will have a seed exchange at the next meeting.

Donna Shanton Feted With Bridal Shower

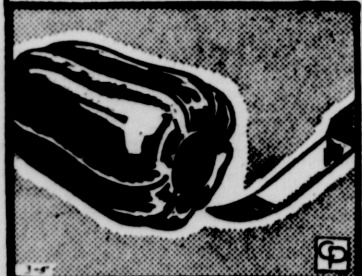

A bridal shower was held recently for Donna Kay Shanton in the home of Elma Hansford. Co-hostess was Martha Hartless.

The refreshment table was decorated with a pink, blue and white bridal umbrella with matching table cloth and service. Served was a cake decorated with wedding bells, ice cream, mints and mixed nuts.

Guests were Della Fogle, Mrs. Orlie B. Shanton, Mrs. Jay Shanton, mother of the honored guest; Mrs. Russell Bowdle, Mrs. Lowell Fogle, Sandy Fogle, Anita Bowdle, Mrs. Orlie Shanton Jr., Sue and Carol Shanton, Eileen Shanton, Tana Shanton, Mrs. Joe Shanton, Patty and Pamela Shanton, Mrs. Neal Howard, Mrs. Roy Ledson, Mrs. Henry Fischer and Mrs. June Harris.

Gifts were sent by Mrs. Carl Murrell, Mrs. Glen Howell, Mrs. Robert Burton, Mrs. Homer Pierce, Mrs. Robert Stevenson and Mrs. Alva Dotson.

JUDY ELAINE DENNIS

Dennis-Adams Engagement Is Announced

Mr. and Mrs. Stewart Dennis, Route 2, Amanda, announce the engagement of their daughter, Judy Elaine, to Carl Ray Adams, son of Mr. and Mrs. Ralph Adams, Route 1, Stoutsville.

Both Miss Dennis and Mr. Adams graduated with the class of 1969 from Amanda-Clearcreek High School.

Miss Dennis is associated with Amanda, as secretary-receptionist.

Mr. Adams is employed with H & S Service Inc., Circleville, as a truck mechanic.

No date has been selected for their wedding.

Reception Honors Newlyweds

Mr. and Mrs. Jim R. Fletcher, recently married, were guests of honor at a reception held Sunday in the home of the bride's parents, Mr. and Mrs. Eugene Gildersleeve, Route 4. Assisting hostesses were Miss Sue Montgomery and the bride's two sisters, Mrs. Richard Shaw and Miss Nancy Gildersleeve.

The refreshment table was centered with a three tiered wedding cake flanked by candelabra holding white tapers.

Guests were Mr. and Mrs. C. H. Doner, Mr. and Mrs. Dale Doner, Mrs. Bertha Gildersleeve, Mr. and Mrs. Clarence Shaw, Mrs. Opal Pitman, Mr. and Mrs. George Russell and Jeffrey, Mr. and Mrs. Richard Jones, Mr. and Mrs. Robert Welsh, Mrs. Frank Krimer and Harold, James Russell Gildersleeve, Mr. and Mrs. Floyd Huffer, Mrs. Gayle Stump and Joey.

The honored couple now resides on Route 4.

Pickaway Grange Report

PICKAWAY COUNTY GRANGES

Guests from Clark, Franklin, Fairfield and Ross Counties were present for the annual dinner program assembly of Pickaway County Granges.

The tables were decorated with spring-like arrangements by Mrs. Dorsey Bumgarner. At each place there was a variety of practical favors from the Pickaway County Grange Insurance Agents — Carl Bennett, Darrell Hatfield, and William Riley.

Preparations for the banquet were made by Mrs. Paul Dawson, Ohio State Grange Junior and Women's Service Deputy and the Women's Service Deputies from each subordinate grange.

For all of the meeting the "Accent on Youth" was supported by the general theme "Age Postpone-Youth Prolong."

Paul Dunkle, Ohio State Grange Deputy Master, extended a welcome, introduced the 24 guests, and recognized John Dowler of Scioto Valley Grange, the Ohio State Grange

Secretary and the following Pickaway County Masters who were present: Melvin Archer of Nebraska, Harold Bumgarner of Scioto Valley, Harold Furniss of Star, Frank Lands of Washington, and Dorsey Bumgarner of Pomona 26. Mr. and Mrs. Orban Burchwell of Scioto Grange were recognized as Pickaway County Grange representatives for Young Married Couples.

Mrs. Donald Wolford was piano accompanist for the group singing which alternated with other program inclusions as introduced by Mrs. Leora Sayre, Pomona lecturer.

From Scioto Grange, Gregory, Randy and Tammy Burchwell sang "Do-Ra-Me," accompanied by Mrs. Burchwell, Carl Dean Jr. from Salt Creek Grange presented a Piano solo, "Born Free." By costume, vocal and string rhythm Bonnie and Betty Bolender and Keith Lands of Washington Grange gave sequential details of "The Hole in The Bucket."

Original talent was evidenced in the clever presentation by Nebraska Grange program representatives, Mr. and Mrs. Carl Bennett. From Scioto Valley Grange, Mrs. John Dowler gave two inspiring numbers by Helen Stiner Rice, Dawn Bidwell of Star Grange read her essay on "Thomas Alva Edison — The Wizard of Oz" which won first place in Ohio in the DAR contest in which Pickaway Plains Chapter cooperated.

"The Grange Vehicle Rolling at 70" was the theme used by the guest speaker, Wib Just of Blenden Grange, Worthington, who is Past National Youth Chairman of the Grange. To help recognize and build a stronger image of Grange, for 103 years recognized as "The Great Family Fraternity," the speaker reviewed many channels of growing and glowing involvements that had proved successful.

He cited four arms of action: (1) Takes people where they decide to go, (2) Flexible to fit any area, (3) Helps people understand opportunities and responsibilities, (4) Serves people where they are. Special attention was given to "Membership begins with ME" and that members should always be ready to sell their organization.

Mr. and Mrs. Paul Dawson managed the drawing for door prizes — gifts from the three insurance agents. Tammy Burchwell drew the numbers. Presentation of the gifts was to Mrs. Otha Lewis, Nancy Fausnaugh, Frank Lands, and Gregory Burchwell.

More than a foot of snow piled up at West Yellowstone in southwest Montana. The southern part of the state and much of Wyoming were gilded with an inch or two. At least four more inches of snow was predicted for northeast Wyoming.

Light amounts of snow were scattered across the northern plains, the central Midwest, the eastern Great Lakes region and Maine.

Most of the remainder of the nation was dry except for some scattered showers and thunder showers in the Great Basin.

Overcoat temperatures prevailed in the northern half of the nation while the southern states enjoyed mild to warm readings.

Temperatures around the nation ranged from 10 below zero at Grand Forks, N.D., to 72 at Key West, Fla.

Protestant Unification Plan Likely To Reshape Churches

ST. LOUIS, Mo. (AP) — Church representatives went to work today on a unification plan that could reshape the life of much of American Protestantism in this decade.

The initial step was up to the

Consultation of Church Union, whose annual meeting opened here. Predictions were that it would give a go-ahead to the plan.

Nine denominations, with a total of 25 million members, are

involved in the discussions, with a specific plan of union on the agenda for action for the first time.

The Rev. Dr. William A. Benfield Jr., of Charleston, W.Va., head of a commission that drafted it, predicted its approval.

"It will make the next two years the most creative, effective years in the history of the American Protestant churches and have still greater significance in the years beyond that," he said.

In those two years, participating denominations are expected to consider the plan, as it is shaped here this week, and offer their suggestions before it is finally revised and put before them for conclusive action.

Participating denominations include:

The Episcopal, United Presbyterian, United Methodist, Christian (Disciples) and Presbyterian U.S. (Southern) churches, the United Church of Christ, and three mainly Negro bodies, the Christian Methodist Episcopal, African Methodist Episcopal and African Methodist Episcopal Zion churches.

Among various provisions to assure blacks a full role in the newly united church, one specifies that the first presiding bishop will be a black churchman.

Questioned about this, Dr. Benfield, a Southern Presbyterian, said it was felt that the unusual requirement was justified to help guarantee Negroes an

NAACP Chief Visits Europe

PARIS (AP) — "We had to come abroad to find people with experience and know-how (in construction) who do not care what the color of our skin is."

Thus William R. Morris of New York, national director of housing for the National Association for the Advancement of Colored People, answers the question everyone asks him here: Why did he come to Europe for solutions to the American low-cost housing problem?

Morris is heading a 110-member tour of black Americans through advanced housing sites in Italy, Holland, France, Britain and Sweden. They are negotiating for European firms to put up the housing that American firms haven't.

"Every place we go, it's the same question," Morris said in an interview Sunday before leaving for London. "They say, 'Why do you come here? We're not solving our own problems?'"

"White political institutions have not been willing to share their know-how and their successes with blacks," Morris said. "Make money off of them, yes, but not share."

"European builders are interested in profit, not color," he added.

Morris said American builders use large amounts of highly paid, skilled labor from unions to which few if any blacks belong. The French firms he visited were doing a comparable job with far fewer men, and 85 per cent of them unskilled.

Three European specialists in quick, cheap but viable lodging have been approved under U.S. government's "Operation Breakthrough," which is aimed at solving the housing problem.

Glenn A. Claytor of New York, housing specialist for the Urban League, emphasized the psychological element in their shopping for European solutions.

"One, it opens the blacks' eyes to the possibilities," Claytor told a newsman. "Two, it raises questions among white

builders, "Why do they have to go over there?"

As an example of the shock value, Morris said that a Chicago firm is planning a project in the black community that no black man knew about. But when the firm heard about the black tour of European Builders, it flew executives from Chicago to Paris to meet and explain.

The white institutions in the United States are going to have to wake up, because they don't want European competition," Morris said. "They're going to have to provide us with homes and jobs, or they're going to lose the market."

"The French and others are willing to come over and invest time, money and know-how, and we're ready to accept them and form a marriage—if you will—with them in order to be a full part of the construction industry," he said.

"And most of the money will go right back into our own neighborhoods," Morris added.

"We can't begin on the basis that things are normal and as

Fireplace Spark Destroys Cabin; 4 Scouts Injured

ELYRIA, Ohio (AP) — A spark from the fireplace is believed to have started a fire that destroyed a cabin and injured four Sandusky Boy Scouts at a campsite in western Lorain County.

Two of the scouts were burned seriously in the fire Saturday night. They are Richard Schussler, 15, and Timothy Moroy, 12, both taken to Elyria Memorial Hospital with burns over 50 per cent of their bodies. Also injured were Mark Huculak, 12, and David Bunge, 11, reported in satisfactory condition at Allen Memorial Hospital in Oberlin.

The four were in a party of eight scouts and two scoutmasters who were camping in two open-end cabins.

"European builders are interested in profit, not color," he added.

Morris said American builders use large amounts of highly paid, skilled labor from unions to which few if any blacks belong. The French firms he visited were doing a comparable job with far fewer men, and 85 per cent of them unskilled.

Three European specialists in quick, cheap but viable lodging have been approved under U.S. government's "Operation Breakthrough," which is aimed at solving the housing problem.

Glenn A. Claytor of New York, housing specialist for the Urban League, emphasized the psychological element in their shopping for European solutions.

"One, it opens the blacks' eyes to the possibilities," Claytor told a newsman. "Two, it raises questions among white

builders, 'Why do they have to go over there?'"

As an example of the shock value, Morris said that a Chicago firm is planning a project in the black community that no black man knew about. But when the firm heard about the black tour of European Builders, it flew executives from Chicago to Paris to meet and explain.

The white institutions in the United States are going to have to wake up, because they don't want European competition," Morris said. "They're going to have to provide us with homes and jobs, or they're going to lose the market."

"The French and others are willing to come over and invest time, money and know-how, and we're ready to accept them and form a marriage—if you will—with them in order to be a full part of the construction industry," he said.

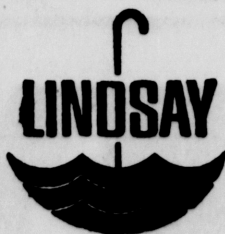

"And most of the money will go right back into our own neighborhoods," Morris added.

and handled the missiles to suit Vietnamese conditions, as we know them. We kept the missiles on the move. They never had fixed locations, nor have they now. They move, move, move."

I asked about a 28-year-old intercepter pilot credited with destroying nine U.S. planes. The official paused over his cup of strong, black Vietnamese coffee. Again, his response reflected national pride:

"Young Captain Nguyen Van Coc is a farmer's son, of simple background. Yet he learned to fly a MIG17. It isn't as fast as more modern American planes, but the captain learned to make tighter turns, to change weakness into strength, to gain the superior position for firing his air-to-air missiles. It was a matter of great courage. After four years, he is still flying."

A million North Vietnamese have seen the People's Army exhibition at Hanoi. It is devoted to the successful 1946-54 war to drive out the French, and to the struggle since 1964 with the United States.

For this event, which opened last December, the army gathered an imposing array of modern weaponry and lined the hardware up at the far side of an open square, facing four pavilions. The armament extended for hundreds of yards.

A MIG21 and two MIG22s were parked in a row at the exhibition entrance gate. The line-up continued with artillery of various dimensions up to 155 millimeter. Then rockets of large sizes, surface-to-air and air-to-air missiles. A heavy tank and several of medium weight. Amphibious and tracked personnel carriers. Huge radar screens. Helicopters. An assault boat. Special trucks of almost every description.

Vietnamese soldiers, many of them women, have been trained to operate all imported weapons systems, I was told. Most bear the mark of manufacture in the Soviet Union.

Soviet technicians in business suits are frequent guests at hotels run by Vietnam tourism, a state company. But I saw no guest who looked like a military or civilian representative of Red China. The Chinese maintain their own guest quarters.

Last February 22, on the 52nd anniversary of the Soviet armed forces, Soviet diplomats gave a reception in Hanoi. All foreign missions attended except the Red Chinese.

Defense Minister Vo Nguyen Giap came to the Soviet Embassy for the festivities.

At the exhibition devoted to the North Vietnamese army, I saw battle-action photos of the 1968 Tet offensive, captioned Khe Sanh Height 662, Hue and Da Nang. The offensive itself

was called the General Uprising. Two photos showed riflemen moving up in a long single file, through a pine forest and a rubber plantation, before an attack.

I asked my official interpreter if these soldiers were North Vietnamese fighting in the South. "Guerillas," he replied.

As we traveled through the country, we saw hundreds of cemeteries on high ground under the shade of trees. Fresh flowers were on the graves, and large red signs, hung over cemetery gates, proclaimed, "For the Glory of the Fatherland," "The Fatherland is Grateful," "The Fatherland Remembers All Who Served."

I asked the interpreter if the signs of homage were for soldiers who had died on the front in South Vietnam.

"Many people died heroic deaths in the air war of destruction in North Vietnam," he said. "The signs are for them."

Concerning American prisoners of war now being held in the North, government officials said they are holding 320 and may release all the names soon.

The number acknowledged by Hanoi is about 100 less than official American government estimates of those "known or believed" captured in the North.

All are believed to be airmen shot down in the air war over the North. North Vietnamese officials said several methods for releasing the names were under consideration, including giving postal records to a news correspondent from a friendly power. They said such records would cover every man held because all had exchanged mail with their families.

Brown Attends Ohio Firemen's Convention

Ohio Association of Professional Firefighters met last week in Dayton for its biennial conference to study resolutions to be presented to the Ohio legislature.

Representatives from 81 Ohio cities were in attendance, including Mike Brown of the local fire force. Brown served on a committee to prepare pension proposals for conference debate.

Officers were elected by delegates for the next term. Ed Haggarty, captain of the Cincinnati fire department, was re-appointed to the presidency and Carl Hogan was named secretary-treasurer. Hogan is captain of the Dayton force.

Elected to represent the 5th District, which includes Circleville, was Richard Muhelman of the Newark fire department.

One pension plan approved by delegates suggested an increase in pension rates to 2½ per cent based on a fireman's three highest years of pay. Current standards are set at 2 per cent based on a fireman's highest wages for five years of service.

A proposal was approved by members to reverse a state policy making it illegal for public employees to strike. They are seeking a binding arbitration procedure to be established to help cities and civil employees resolve disputes and encourage negotiation.

Other items considered at the meeting included fire prevention and safety, workmen's compensation, constitution and bylaws and public relations.

4. A pledge by each party to refrain from reprisals against those who have collaborated with another party.

Radio Hanoi, in an English-language broadcast heard in Hong Kong, gave a somewhat different version of the proposals, including a demand for a halt to all U.S. "intervention and aggression" in Laos.

This outline of the proposal said after the all-party consultative political elections should be held to choose a national assembly and establish a "democratic government of national union."

As received in Vientiane, the statement said the unification of Laos "shall be achieved through consultations between the Lao parties on the principle of equality and national concord."

"Pending this unification," it continued, "no party shall use force to encroach upon or nibble at the areas controlled by another. The pro-American forces must withdraw forthwith from the areas they have illegally occupied and re-settle in their native places those people who have been forcibly removed from there."

"At the same time, they must pay compensation for damages caused to them. Each party pledges itself to refrain from discrimination and reprisal against those who have collaborated with another party."

Ohio Senatorial Candidates Exchange Political Barbs

Associated Press Writer
Two Democrats seeking their party's U.S. Senate nomination battled face-to-face over the weekend. The Republican camp was quiet except for another long-distance attack by Gov. James A. Rhodes on his senatorial opponent.

Democratic Senate contenders Howard Metzenbaum and John Glenn called each other liars in a shouting match before 175 Democrats at a Third Congressional District workshop in Dayton Saturday.

Metzenbaum accused Glenn of changing his position on space program funding, government subsidy programs and gun control legislation. Glenn said Metzenbaum was misrepresenting the facts.

Rhodes, considering a suit against Life Magazine, used a magazine himself Saturday to attack the voting record of U.S. Rep. Robert Taft Jr., his GOP Senate opponent.

Rhodes said figures from Congressional quarterly show Taft "has not supported President Nixon or the Republican

Party," as well as he should have in 1969.

It was the third time around for the charges. Taft initially denied them, but now Rhodes says Taft admits that he supported Nixon-backed legislation only 66 per cent of the time.

Taft and Rhodes will debate at the Cleveland City Club May 2.

Rhodes also announced he has not decided yet whether he will file a libel suit against Life Magazine because of an article it printed about him last May.

Rhodes said his attorney, Louis Nizer of New York, believes the article was libelous, but isn't sure if Rhodes can prove malice, a necessity for public figures suing the media. Democratic gubernatorial hopeful Robert E. Sweeney denounced his opponent, John Gilligan, and party chairman Eugene P. O'Grady for their stand on the recent ouster of the party's chief fund-raiser, James A. Eldridge.

O'Grady and Gilligan have criticized Sweeney for revealing publicly that Eldridge had a police record.

Eldridge was appointed executive finance director on Jan. 5, by O'Grady, and was fired by O'Grady last Tuesday. Both Gilligan and O'Grady said Sweeney should have kept the information inside the party instead of delivering it to newsmen.

Sweeney said he made the public announcement because he thinks the party needs reform. "My purpose is to improve the party so it can win elections, not destroy it," he continued.

Sweeney has asked the Democratic County Chairmen's Association to approve a resolution forcing O'Grady to consult with them before appointing a

successor to the \$15,000 a year job Eldridge held.

Sweeney campaigned before the Federal Democrats of Ohio's state convention Saturday. He said he would veto legislation to establish a county income tax if he wins the governor's chair.

Meanwhile, Republicans, considering their own gubernatorial primary, have begun to take notice of U.S. Rep. Donald "Buz" Lukens of Middletown.

Area Masons Hold Dinner

About 160 Scottish Rite Masons of Pickaway County were in attendance at a dinner meeting at the Circleville Masonic Temple Thursday evening.

The dinner was served by the Circleville Chapter 90 Order of Eastern Star.

Edgar L. Ott, secretary of the Valley of Columbus and Past Grand Master of Ohio Masons, spoke of forthcoming events. The spring reunion and conferring of the degrees will be held April 17, 18, 24 and 25 in Columbus, Ott said.

Ray H. Long, Columbus, chairman of the General Fraternal Relations Committee, introduced the visiting brethren. A film entitled "The Quest For Light" was shown. This movie, released by the Supreme Council of the Scottish Rite, tells the story of man's quest for light throughout the ages.

Thurman I. Miller, director of the Pickaway County Fraternal Relations Committee for the past 24 years, served as chairman for the event.

Chicago White Sox To Seek Comeback

By JACK HAND
Associated Press Writer
SARASOTA, Fla. (AP) — The Go-Go White Sox of yesterday have become the So-So Sox of 1970 with Manager Don Gutteridge doing his best to find a silver lining in last year's fifth-place finish.

This is Gutteridge's first full year in command. The long-time lieutenant of Al Lopez took over last May when illness forced the veteran Lopez into retirement. The scrappy little infielder comes from the old school and is a firm believer in hard work for the hired hands.

When a newsman told the skipper that some of the athletes were moaning about the work load, he grinned and said, "That's what I like to hear. A little hard work never hurt anybody."

Gutteridge is realistic enough to know that the White Sox can not perform miracles with a team that finished 29 games behind the winners and even lost fourth place to Kansas City's expansion team.

"We did have a lot of injuries last year," he said. "Military duty hurt us, especially Carlos May's accident in the Marines."

We had to play a lot of fellows who normally would have been sent to the minors.

"You never can tell. It might be a blessing in disguise. Fellows like Ed Herrmann, Gail Hopkins, Bob Christian, Dan Sechrist and Bart Johnson had their baptism under fire."

Gutteridge is trying to get the Chicago team ready for a fast start in the American League West and hopes for another Met-style miracle.

"Minnesota and Oakland are the teams to beat, if we don't win," he said. "We've got to get a good start. When you jump

away fast the young boys get confidence in their ability."

May, a 1969 Rookie of the Year candidate, is being brought along slowly. The outfielder lost about half of his right thumb last August in a freak mishap on the Camp Pendleton, Calif., mortar range while on duty with the Marine Reserves.

Much depends on his ability to play regularly and Gutteridge is confident he will be able to be in the opening day line-up. May wears a padded golf glove to help him at bat and in the field. He bats lefty but throws right-

handed and that is the main problem area.

Gutteridge hopes to use May in left and Walt Williams, the club's only .300 hitter (.304) in left with Ken Berry and Charley Bradford sharing center and rookies Bob Christian and possibly John Matias at spares.

The manager also plans a revolving line-up in the infield with Tom McCraw of Hopkins at first, Bobby Knoop at second, Luis Aparicio at short and Bill Melton at third, Syd O'Brien, ex-Red Sox, and Rich Morales will be the spares.

Duane Josephson is the No. 1 catcher but Herrmann showed enough last year while Josie was hurt that he can carry a share of the load.

"We definitely are concerned about our pitching," said Gutteridge. "We are in the process of rebuilding our staff with only Joe Horlen and Tommy John from the staff we had a few years back."

"Billy Wynne fits into the rotation and we are going to take a long look at Bart Johnson although he's only 20."

The rest of the staff will be made up from among Dan Lazar, Jerry Nyman and Dan Sechrist, three young left-handers, Gerry Arrigo, the former Cincinnati Red, and possibly Mickey Scott, acquired from the Yankees, and Virle Rousaville, drafted from the Phillies.

Astros Beat Kansas City, 20-19

By SHEILA MORAN
Associated Press Sports Writer
Houston and Kansas City played only one exhibition baseball game Sunday but the totals looked like a triple-header.

The Astros finally won 20-19 after the teams combined for 54 hits good for 100 bases, eight home runs, and sent 12 pitchers to the showers at Terry Field in

Fort Myers, Fla. The entire production took three hours, 21 minutes.

Natural elements played a part too. A 20-mile an hour wind blowing to center field no doubt contributed to some of the homers. Puddles in the outfield left for a 4 1/2-inch overnight rain helped the hits fall in.

The game upstaged the world

champion New York Mets' 17-7 rout of the St. Louis Cardinals in St. Petersburg, Fla. Those two teams totaled only 35 hits and used eight pitchers, including Tom Seaver, the Mets' Cy Young winner, who worked three innings. Seaver allowed two runs on four hits.

Dennis Menke and Doug Rader provided the heroics for the

Astros. Manke drove in seven runs and Rader, 6-for-6, including three doubles and a homer, added five more. Pat Kelly had two doubles and a homer for Kansas City.

Rookie shortstop Ted Martinez and veteran Ron Swoboda starred for the Mets. Martinez drove in six runs with two homers, one of them a grand slam. Swoboda also blasted two homers, good for five more runs.

Detroit and Minnesota also registered impressive totals in a 12-11 decision won by the Tigers in the ninth inning. Jim Rice and Al Kaline homered for Detroit while Paul Ray Powell homered for the Twins.

A grand slam homer by Bob Tolan and a homer by Lee May paced Cincinnati to an 8-7 victory over the Chicago White Sox. The White Sox got four runs and then loaded the bases in a ninth-inning rally but reliever John Noriega came on and thwarted further scoring.

Ron Hunt and Dick Dietz smacked home runs in San Francisco's 13-hit attack, 11-6 victory over Cleveland. Craig Nettles homered for the Indians.

Seattle collected four unearned runs in the eighth inning to beat San Diego 4-2. An error by Padres' shortstop Tommy Dean and a wild pitch by Phil Knuckles accounted for two of the runs and the two others came on Roy Foster's double and a single by Jerry McNertney.

Jerry Morales homered for both Padres runs.

In other games, Los Angeles beat Atlanta 3-1, Philadelphia nipped Pittsburgh 3-2, Oakland defeated the Chicago Cubs' B team 5-3, and California pounded the Cubs' A team 12-6.

Rain washed out games between Montreal and Washington, Baltimore and the New York Yankees, and a game between Boston and a combination team of players from the Detroit, Minnesota and White Sox camps.

Swimmers Make Good Showing

Circleville swimmers fared exceptionally well in state and district meets over the past weekend.

Three Chillicothe girls swimming under the Circleville banner competed in the Class B indoor championships in Columbus.

Jane Hawks won the 100-yard butterfly championship for girls 13 and 14 years old. Mary Rielly broke the time barrier in two events, qualifying as a Class A swimmer in the 100-yard freestyle and the 100-yard butterfly for girls 11 and 12. Teresa Stitt, holder of the Class B outdoor championship in the 100-yard breaststroke for girls 11 and 12, placed seventh in that event in the indoor championship.

In the YMCA southern district meet in Marietta six Circleville swimmers competed under the colors of the Chillicothe team.

THE 11 and 12 year old boys medley relay team, consisting of Jay L. Arledge, Mike Lawter, Mike Sparks and Steve Penn placed third. Sparks was third in the 50-yard butterfly and fifth in the 100-yard individual medley. Penn finished fourth in the 50-yard freestyle and Arledge was second in the 50-yard backstroke.

John Lawter placed seventh in the 100-yard breaststroke for boys 13 and 14 and Jack Everson took second place in the 100-yard breaststroke for boys 15 through 17.

The 1971 USGA Junior Amateur golf championship will be held at the Manor Country Club, Rockville, Md.

Sixteen Teams Left In Ohio Prep Tourney

COLUMBUS, Ohio (AP) — Only two former Class AA and one ex-Class A state tournament champions still are in the picture for the 1970 Ohio high school post-season basketball crowns.

The fields have dwindled to the Sweet Sixteen in each class as regional play is next up for the fortunate few remaining from the original field of 823 schools for both classes.

The 1969 winners, Columbus East in Class AA and Arcanum in Class A, are already on the sidelines.

Dayton Chaminade, which won the 1966 Class AA crown and reached the final four last spring, is the only bonafide former winner alive among the big schools.

Hamilton Garfield is in the Cincinnati Class AA regional field. Hamilton's Big Blue won the big trophy in 1949 and 1954 before the school was split into Garfield and Taft.

Garfield reached the 1968 Class AA finals before being whipped by Columbus East, the winner the last two seasons.

Mansfield St. Peter is the only former small school ruler still going. The Spartans swept to the 1968 crown in Class A.

Both regular season champions in The Associated Press ratings are among the final 16 in each class. Chaminade was the mythical Class AA champion and Zane Trace of Ross County the Class A king in the poll of a state-wide panel of sports writers and broadcasters.

However, the top 10 in both classes have run into trouble. Only three in Class AA and four in Class A are still in the running.

Besides Chaminade in Class AA, still in contention are No. 5 Steubenville and No. 7 Lima Senior. In addition to Zane Trace, the Class A top-rated quintets surviving are No. 2 St. Peter, No. 4 St. Henry and No. 6 Skyvue.

Ohio Entrants In NCAA Tournament Are Wiped Out

By THE ASSOCIATED PRESS

Ohio's three entrants in the NCAA College Division basketball tournament, Ashland, Youngstown State and Capital, were wiped out in regional play over the weekend.

Ashland went the farthest, making it to the Saturday night finals of the Mid-East Regional at Albright College in Reading, Pa., where the Purple Eagles fell 45-28 to Philadelphia Textile. Ashland had whipped Cheyney State 50-43 Friday night.

Also playing at Reading, Youngstown State was bombed by Philadelphia Textile 79 - 52 Friday night and then dropped the consolation game Saturday night to Cheyney State 94-91.

Capital was trimmed by St. Joseph's 75-72 in the NCAA regional tournament at Central Michigan Friday, but came back Saturday to down Wayne State 83-80 in a consolation match.

Dayton's participation in the NCAA Mid - West tournament also was short-lived as the Flyers were eliminated by Houston 71-64 Saturday night in Fort Worth.

Dayton led 34-32 at the half and stayed ahead until late in the game when Houston's Poo Welsh stole the ball and scored to break a 57-57 deadlock and put the Cougars ahead to stay. Houston's Ollie Taylor led all scorers with 26 points. The Flyers

were paced by Jim Gottschall with 20.

Cincinnati thumped St. Louis 94-79 Saturday to finish in second place in the Missouri Valley Conference standings. The Bearcats, who are headed for the National Invitation Tournament in New York, wound up the regular season with a 21-5 record.

Ohio State closed its season with a 96-87 Big Ten victory over Wisconsin. The Buckeyes, 8-14 in the league and 17 - 7 overall, became the first team in the NCAA to play a full season with a better than 80 per cent shooting average from the free throw line and were tops nationally with a .544 average from the field.

New Orleans, Milwaukee Drop

By THE ASSOCIATED PRESS

New Orleans' tailspin in the American Basketball Association's Western Division continues at fullspeed and the Bucs, division leaders only a few weeks ago, are now just 1 1/2 games out of last place.

The Bucs showed signs of ending their eight-game losing streak Sunday, however, by forcing Denver into two overtimes, but the Rockets finally prevailed with a 108-103 victory.

Elsewhere in the ABA Sunday, Indiana, downed Dallas 131 - 114, the Carolina Cougars whipped the New York Nets 107-105 and Pittsburgh nipped Miami 135-121.

Ohio University Wins Mat Crown

BOWLING GREEN, Ohio (AP)—Ohio University won the Mid - American Conference wrestling championship Saturday by sweeping four of 10 events and compiling 64 points.

Tiger Matmen Place In Meet

Two Circleville High School wrestlers placed in the Central District Wrestling Tournament at Upper Arlington Friday and Saturday.

The Tiger's Mark Davey finished third in the 185-pound class and Doyle Kiser gained fourth spot in the 137-pound division.

Davey defeated Peters of Reynoldsburg, 8-1; defeated Miller of Worthington, 12-3; lost to Rossi of Gahanna Lincoln, 3-2, on riding time in the semifinals; defeated Metzger of DeSales, 7-2; and pinned Sutton of Newark, 1-39, in the consolation finals.

Kiser defeated Moore of Hartley, 6-1; defeated Darby of Columbus South, 5-2; lost to the district champion Pusateri of DeSales, 4-2, in last 30-seconds of the semi-finals; defeated Copeland of Eastmoor, 5-1, in the consolation round; and lost to Wilson of Franklin Heights, 7-2, in the consolation finals.

DAVEY finished the season with a 20-5 record and Kiser showed 19-4-2 for the season.

Fifty four teams were represented in the meet and the winners qualify for the state meet to be held in Cleveland.

Richard Petty Is Winner Of Carolina 500 Auto Race

ROCKINGHAM, N. C. (AP)—Richard Petty, winner of \$708,254 in 10 years as a stock car racing driver, says his job is getting harder each year but retirement has never entered his mind.

The 32-year-old son of Lee Petty, a famed driver in his own right in the 1950's, had just pocketed a check for \$18,215 after romping home far in front of the field in Sunday's Carolina 500.

"Sure, driving is getting harder with each race. I don't know whether it is me," he said, "or whether everybody

else is getting better. Anyway, when you win one like this, you really count your blessings."

Petty had survived two spin-outs and a near wreck to come home more than three miles ahead of close friend Cal Yarborough's Mercury in a week-marred race that drew a record crowd of 38,000 to North Carolina Motor Speedway.

Petty's blue Plymouth, fitted with a sharp nose cone and a 24-inch high stabilizer on the rear deck, spun out of control on the speedways steep banking early in the race and almost rammed the concrete

guard rail headon. Only expert driving saved the car from being demolished.

The 6-foot-3 veteran from Randleman, N. C., kept the machine in contention during the middle stages as other top drivers fell by the wayside, and charged into the lead for good at the 406-mile mark.

Then, with about 50 miles to go, he tangled with Yarborough's Mercury coming off the fourth turn and spun wildly again.

Yarborough, running second at the time and in the same lap as Petty, was forced to the pits to have a damaged fender removed. The Timmonsville, S.C., resident never was a threat again but managed to hold on for second place and a \$10,540 payoff period.

Richard Brooks of Spartanburg, S. C., the 1969 NASCAR rookie of the year, came in third in a Plymouth, eight miles back while fourth place went to Bobby Allison of Hueytown, Ala., in a Dodge. Petty's team-mate 27-year-old Pete Hamilton of Charlotte, N. C., winner of the rich Daytona 500 two weeks ago, was fifth.

It was Petty's 102 victory on NASCAR's elite Grand National circuit, almost twice as many as any other driver. It also was his first trip to the victory circle since winning a 250-miler at Martinsville, Va., last September.

Twice a winner of NASCAR's driving title, Petty said he plans to run about 50 races this year.

Bob Lund Winner Of Citrus Clash

ORLANDO, Fla. (AP) — "I thought I had made the putt," said Arnold Palmer. "It was in the cup and out."

"I thought he'd made it," said Bob Lund. "I just couldn't imagine Arnold Palmer three-putting from that distance."

But Palmer did. A national television audience watched while the golfing idol of millions blew a four-foot putt on the final

hole and let Lund escape with the \$30,000 first prize Sunday in the weather-plagued Florida Citrus Invitational Golf Tournament.

"Well," said an obviously dejected Palmer, "we had it going for a while. It's the way I like to play. Only I don't like to lose."

Palmer and the bull-strong Lund, 16 years younger and 30 pounds heavier than Arnie, were locked in a head and head duel for 36 holes on the gruelling final day.

Palmer had a 64, eight under par, in the morning round and moved into the lead, with Lund just one stroke back after a 67. Palmer had a final 72 and Lund a 70 for 271, 17 under a par. The double round was forced by the rained-out first round Thursday.

The lead see-sawed back and forth between Palmer and Lund all day, and no more than a single stroke ever separated them. And, going into the final 18 holes, it became a two-man race.

But the high drama was saved for the 18th. They came to it all even. Lund put his drive in the trees on the right. Palmer was down the fairway. Arnie pitched on about 35 feet from the pin while Lund bent a beautiful shot around the trees but left himself a 70-footer.

"I thought, 'Bob, if you're going to do something, now's the time,'" said the balding, soft-spoken Lund. He missed by four inches and tapped in for the par.

Palmer ran his 35-foot birdie putt four feet by the hole, then missed it coming back and had to settle for a tie for second with Australian Bob Stanton, who had a final 68 for 272.

Faculty '5' Face OSU Grid Stars

The fearless faculty five of Circleville High School will put their 2-1 basketball record on the line at 7:30 p.m. Thursday at the senior high gym.

Opponents of the local mentors will be the graduating seniors of the Ohio State football team. Members of the "brawn brigade" are: Bill Urbanik, 6 foot 3, 231-pounds; Nick Roman, 6 foot 4, 226-pounds; Bill Pollitt, 6 foot 2, 209-pounds; Chuck Hutchinson, 6 foot 3, 232-pounds; Ted Provost, 6 foot 3, 184-pounds; Mike Polaski, 5 foot 10, 168-pounds; Randy Hart, 6 foot 2, 230-pounds; Kevin Rusnak, 6 foot 1, 188-pounds; Dave Whitfield, 6 foot, 187-pounds and Mike Radtke, 6 foot 1, 198-pounds.

Proceeds from the fray will go to the Circleville High School athletic fund.

Chicago White Sox To Seek Comeback

By JACK HAND
Associated Press Writer
SARASOTA, Fla. (AP) — The Go-Go White Sox of yesterday have become the So-So Sox of 1970 with Manager Don Gutteridge doing his best to find a silver lining in last year's fifth-place finish.

This is Gutteridge's first full year in command. The long-time lieutenant of Al Lopez took over last May when illness forced the veteran Lopez into retirement. The scrappy little infielder comes from the old school and is a firm believer in hard work for the hired hands.

When a newsman told the skipper that some of the athletes were moaning about the work load, he grinned and said, "That's what I like to hear. A little hard work never hurt anybody."

Gutteridge is realistic enough to know that the White Sox can't perform miracles with a team that finished 29 games behind the winners and even lost fourth place to Kansas City's expansion team.

"We did have a lot of injuries last year," he said. "Military duty hurt us, especially Carlos May's accident in the Marines."

We had to play a lot of fellows who normally would have been sent to the minors.

"You never can tell. It might be a blessing in disguise. Fellows like Ed Herrmann, Gail Hopkins, Bob Christian, Dan Sechrist and Bart Johnson had their baptism under fire."

Gutteridge is trying to get the Chicago team ready for a fast start in the American League West and hopes for another Met-style miracle.

"Minnesota and Oakland are the teams to beat, if we don't win," he said. "We've got to get a good start. When you jump

away fast the young boys get confidence in their ability."

May, a 1969 Rookie of the Year candidate, is being brought along slowly. The outfielder lost about half of his right thumb last August in a freak mishap on the Camp Pendleton, Calif., mortar range while on duty with the Marine Reserves.

Much depends on his ability to play regularly and Gutteridge is confident he will be able to be in the opening day line-up. May wears a padded golf glove to help him at bat and in the field. He bats left but throws right-

handed and that is the main problem area.

Gutteridge hopes to use May in left and Walt Williams, the club's only .300 hitter (.304) in right with Ken Berry and Charley Bradford sharing center and rookies Bob Christian and possibly John Matias as spares.

The manager also plans a revolving line-up in the infield with Tom McCraw of Hopkins at first, Bobby Knoop at second, Luis Aparacio at short and Bill Melton at third. Syd O'Brien, ex-Red Sox, and Rich Morales will be the spares.

Duane Josephson is the No. 1 catcher but Herrmann showed enough last year while Josie was hurt that he can carry a share of the load.

"We definitely are concerned about out pitching," said Gutteridge. "We are in the process of rebuilding our staff with only Joe Horlen and Tommy John from the staff we had a few years back."

"Billy Wynne fits into the rotation and we are going to take a long look at Bart Johnson although he's only 20."

The rest of the staff will be made up from among Dan Lazar, Jerry Nyman and Dan Sechrist, three young left-handers, Gerry Arriaga, the former Cincinnati Red, and possibly Mickey Scott, acquired from the Yankees, and Virle Rousaville, drafted from the Phillies.

Faculty '5' Face OSU Grid Stars

The fearless faculty five of Circleville High School will put their 2-1 basketball record on the line at 7:30 p.m. Thursday at the senior high gym.

Opponents of the local mentors will be the graduating seniors of the Ohio State football team. Members of the "brawn brigade" are: Bill Urbanik, 6 foot 3, 231-pounds; Nick Roman, 6 foot 4, 226-pounds; Bill Pollitt, 6 foot 2, 209-pounds; Chuck Hutchinson, 6 foot 3, 232-pounds; Ted Provost, 6 foot 3, 184-pounds; Mike Polaski, 5 foot 10, 168-pounds; Randy Hart, 6 foot 2, 230-pounds; Kevin Rusnak, 6 foot 1, 188-pounds; Dave Whitfield, 6 foot, 187-pounds and Mike Radtke, 6 foot 1, 198-pounds.

Proceeds from the fray will go to the Circleville High School athletic fund.

Swimmers Make Good Showing

Circleville swimmers fared exceptionally well in state and district meets over the past weekend.

Three Chillicothe girls swimming under the Circleville banner competed in the Class B indoor championships in Columbus.

Jane Hawks won the 100-yard butterfly championship for girls 13 and 14 years old. Mary Rielly broke the time barrier in two events, qualifying as a Class A swimmer in the 100-yard freestyle and the 100-yard butterfly for girls 11 and 12. Teresa Stitt, holder of the Class B outdoor championship in the 100-yard breaststroke for girls 11 and 12, placed seventh in that event in the indoor championship.

In the YMCA southern district meet in Marietta six Circleville swimmers competed under the colors of the Chillicothe team.

The 11 and 12 year old boys medley relay team, consisting of Jay L. Arledge, Mike Lawter, Mike Sparks and Steve Penn placed third. Sparks was third in the 50-yard butterfly and fifth in the 100-yard individual medley. Penn finished fourth in the 50-yard freestyle and Arledge was second in the 50-yard backstroke.

John Lawter placed seventh in the 100-yard breaststroke for boys 13 and 14 and Jack Everson took second place in the 100-yard breaststroke for boys 15 through 17.

The 1971 USGA Junior Amateur golf championship will be held at the Manor Country Club, Rockville, Md.

SPORTS Highlights

KANSAS CITY (AP)—Central State of Ohio meets St. Thomas, Minn., tonight in the first round of college basketball's largest championship tournament, the 33rd annual NAIA tourney.

Thirty-two teams are in the field for the week's games, which will end Saturday night when the 1970 NAIA cage champion is crowned. Stephen F. Austin College of Texas is rated a slight favorite.

MEMPHIS, Tenn. (AP) — Dave Sorenson, Ohio State's 6-foot-8 center, has agreed to play in the East-West Senior All-American Basketball Classic here March 25. He will play forward on the East team.

SPRINGFIELD, Ohio (AP)—Tyronne Curry, a 6-foot-3 center guard from Columbus, has been named Wittenberg University's most valuable player for the 1969-70 basketball season.

KALAMAZOO, Mich. (AP)—Ohio University's Arpad Batiz set records in the 1,650-yard freestyle, 500 free style and 400 individual medley to lead the Bobcats to their second straight Mid-American Conference swimming crown Saturday.

Ohio finished with 143 points to 114 for runnerup Kent State. Miami had 97 points, host Western Michigan 73 and Bowling Green 29.

DAYTON, Ohio (AP)—First-round NCAA basketball tournament winning coaches Joe Williams of Jacksonville and Johnny Dee of Notre Dame are impressed with their next opponents, but like their own teams too.

Jacksonville earned a shot at Big Ten Conference winner Iowa while Notre Dame will take on second-ranked Kentucky, the king of the South-eastern Conference, Thursday at Ohio State in the Mid-East Regional.

The sixth-ranked Dolphins used their awesome size to crush Western Kentucky 109-36 here Saturday after Austin Carr's tournament record 61 points had led the Irish past Ohio University 112-82.

TUCSON, Ariz. (AP) — The Cleveland Indians have two pitchers in camp named Miller — Bob and Ray — and midway through Sunday's slaughter at Phoenix Bob sent a message to the public address announcer: "Please tell that guy on the horn to get the names right... that's Ray Miller, not Bob" on the mound.

Dick Dietz of the San Francisco Giants had just hit a grand slam home run — the second of the day off Indian pitcher — on the way to a 14-6 victory over the Tribe.

ALL-TOURNEY — Russ Merrin of Capital University was named to the All-Tournament team in the NCAA regionals in Mt. Pleasant, Mich. In addition, Merrin was honored as the events top shooter. Merrin came off the bench in both games to spark the Crusaders. He is a former member of the Logan Elm Braves and a former winner of the Herald's Bob Bowsher Trophy. Merrin scored 18-points in the first game and added 15 more in the second fray to pace his team.

Ohio Entrants In NCAA Tournament Are Wiped Out

Ohio's three entrants in the NCAA College Division basketball tournament, Ashland, Youngstown State and Capital, were wiped out in regional play over the weekend.

Ashland went the farthest, making it to the Saturday night finals of the Mid-East Regional at Albright College in Reading, Pa., where the Purple Eagles fell 45-28 to Philadelphia Textile. Ashland had whipped Cheyney State 50-43 Friday night.

Also playing at Reading, Youngstown State was bombed by Philadelphia Textile 79 - 52 Friday night and then dropped the consolation game Saturday night to Cheyney State 94-91.

Capital was trimmed by St. Joseph's 75-72 in the NCAA regional tournament at Central Michigan Friday, but came back Saturday to down Wayne State 83-50 in a consolation match.

Dayton's participation in the NCAA Mid-West tournament also was short-lived as the Flyers were eliminated by Houston 71-64 Saturday night in Fort Worth.

Dayton led 34-32 at the half and stayed ahead until late in the game when Houston's Poo Welsh stole the ball and scored to break a 57-57 deadlock and put the Cougars ahead to stay. Houston's Ollie Taylor led all scorers with 26 points. The Flyers were paced by Jim Gottschall with 20.

Cincinnati thumped St. Louis 94-79 Saturday to finish in second place in the Missouri Valley Conference standings. The Bearcats, who are headed for the National Invitation Tournament in New York, wound up the regular season with a 21-5 record.

Ohio State closed its season with a 96-87 Big Ten victory over Wisconsin. The Buckeyes, 8-14 in the league and 17 - 7 overall, became the first team in the NCAA to play a full season with a better than 80 per cent shooting average from the free throw line and were tops nationally with a .544 average from the field.

Tiger Matmen Place In Meet

Two Circleville High School wrestlers placed in the Central District Wrestling Tournament at Upper Arlington Friday and Saturday.

The Tiger's Mark Davey finished third in the 185-pound class and Doyle Kiser gained fourth spot in the 137-pound division.

Davey defeated Peters of Reynoldsburg, 8-1; defeated Miller of Worthington, 12-3; lost to Rossi of Gahanna Lincoln, 3-2, on riding time in the semifinals; defeated Metzger of DeSales, 7-2; and pinned Sutton of Newark, 1:39, in the consolation finals.

Kiser defeated Moore of Hartley, 6-1; defeated Darby of Columbus South, 5-2; lost to the district champion Pusateri of DeSales, 4-2, in last 30-seconds of the semi-finals; defeated Copeland of Eastmooor, 5-1, in the consolation round; and lost to Wilson of Franklin Heights, 7-2, in the consolation finals.

DAVEY finished the season with a 20-5 record and Kiser showed 19-4-2 for the season.

Fifty four teams were represented in the meet and the winners qualify for the state meet to be held in Cleveland.

Sixteen Teams Left In Ohio Prep Tourney

COLUMBUS, Ohio (AP) — Only two former Class AA and one ex-Class A state tournament champions still are in the picture for the 1970 Ohio high school post-season basketball crowns.

The fields have dwindled to the Sweet Sixteen in each class as regional play is next up for the fortunate few remaining from the original field of 823 schools for both classes.

The 1969 winners, Columbus East in Class AA and Arcanum in Class A, are already on the sidelines.

Dayton Chaminade, which won the 1966 Class AA crown and reached the final four last spring, is the only bonafide former winner alive among the big schools.

Hamilton Garfield is in the Cincinnati Class AA regional field. Hamilton's Big Blue won the big trophy in 1949 and 1954 before the school was split into Garfield and Taft.

Garfield reached the 1968 Class AA finals before being whipped by Columbus East, the winner the last two seasons.

Mansfield St. Peter is the only former small school ruler still going. The Spartans swept to the 1968 crown in Class A.

Both regular season champions in The Associated Press ratings are among the final 16 in each class. Chaminade was the mythical Class AA champion and Zane Trace of Ross County the Class A king in the poll of a state-wide panel of sports writers and broadcasters.

However, the top 10 in both classes have run into trouble. Only three in Class AA and four in Class A are still in the running.

Besides Chaminade in Class AA, still in contention are No. 5 Steubenville and No. 7 Lima Senior. In addition to Zane Trace, the Class A top-rated quintets surviving are No. 2 St. Peter, No. 4 St. Henry and No. 6 Skyvue.

Bosox Pitching Is A Question

Tony Conigliaro

Rico Petrocelli

By WALTER L. JOHNS
Central Press Sports Editor
WINTER HAVEN, Fla. — "Firm but fair" is the way they describe Eddie Kasko, the new manager of the Boston Red Sox, and the same adjectives could be applied to the 1970 edition of the Bosox, who finished third last year under Dick Williams, and coach Eddie Popowski — the only coaching holdover from 1970.

Up from managing Louisville in the International League is Kasko, who played nine years in the big leagues before joining the Red Sox organization as a utility infielder in 1966.

Kasko is running a solid camp here at Chain O' Lakes Park, and has demonstrated some new twists in the game. He put on a bunting and fake bunting exercise the other day which even made the veterans pay attention. And then to show he can mix a little lightness with the job he staged a "fun day" for his players, in which the batter would run to second base after hitting the ball and then home.

Eddie can be tough, too, as two players found out. They were horsing around after a workout and Eddie read the riot act to them.

The Bosox have a flock of heavy hitters, led by Carl Yastrzemski and Rico Petrocelli, who bashed out 40 homers apiece last year; Reggie Smith and Mike Andrews, who also had big years.

Pitching always was the question and Eddie diagnoses the status of the club on the pitching.

"The question marks on our pitching staff — Sonny Siebert, Jim Lonborg and Ray Culp, aren't question marks as far as I can see," Kasko says.

"Siebert had calcium deposits removed from his elbow, Culp didn't finish the season and Lonborg hurt his toe. But they're okay now and they could make the difference.

"And, of course, getting Gary Peters from Chicago will be a bonus. We have some young arms in camp but we'll have to wait and see on them although Mike Garman (10-12 with Winston-Salem); Jerry Janeski (15-10 with Louisville) and Norm Phillips (7-4 with Louisville) could fight it out for two spots open.

"Catching is a tossup. We

Tommy Helms Still Cincinnati Holdout

TAMPA, Fla. (AP) — Second baseman Tommy Helms does not anticipate hearing from the Cincinnati Reds again as a result of their contract squabble.

"If I do, I expect to hear that I've been traded," Helms said Sunday from his home in Charlotte, N.C., in disclosing that he has asked the club to trade him.

The Reds do not plan to swap him and on Saturday exercised their option to renew the contract of both Helms and pitcher Jim Maloney.

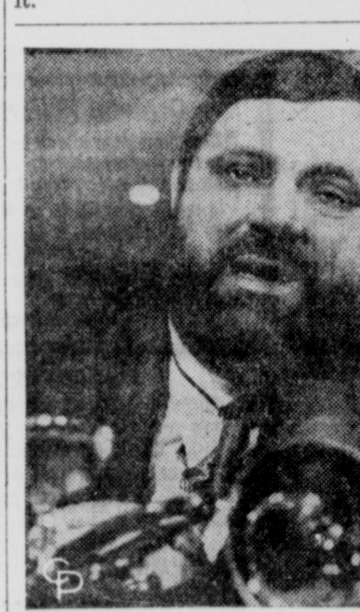

"I wouldn't come to spring training for \$60,000 now," Helms continued. "I am just not going to play this year. Monday (today) I am going to go to work. A friend of mine says he will give me a job here in Charlotte."

have six in camp and we'll be looking at all of them. There are three youngsters, Gerry Moses, Carlton Fisk and Bob Montgomery, and we'll see if they're ready.

"We're looking at the third base spot, Luis Alvarado (up from Louisville) may wind up there. But I could move George Scott over from first base. If we do that we could put Tony Munser (from Louisville) over on first.

"Billy Conigliaro's options are up so we've got to keep him, and he earned a spot, too, with his fine year at Louisville. I have no plans to take Yaz out of the outfield as some reported and put him at first base."

Kasko says that "I'm looking for Baltimore to not play as good ball as they did last year and if we improve, like I think we can, we should be right in it."

HIRT TOOTIN' AGAIN — Injured by a thrown object a month ago during the Mardi Gras in New Orleans, La., jazzman Al Hirt tells newsmen, between sips from a glass of champagne, that he has started playing his trumpet again, but still cannot play his full range of notes. Sixteen stitches were required to close the cut in his upper lip.

New York State Racing Meet Set

Associated Press Sports Writer
Thoroughbred horse racing returns to New York on Tuesday and some 35,000 are expected to be on hand at Aqueduct when the bugle sounds for the first post parade.

The opening of the long 234-day New York season that includes later meetings at Belmont Park and Saratoga highlights the racing week.

Villanova Wildcats Win IC4A Crown

NEW YORK (AP) — "Our spirit is more like love," said Villanova's premier miler Marty Liquori after the Wildcats swept to their fourth consecutive IC4A Indoor Track and Field Championships Saturday night.

"We're not just a running machine like some people say," Liquori said just after helping his teammates to their 11th title in 14 years with a meet record clocking of 4 minutes, 2.2 seconds in defending his mile run.

Irish, Kentucky Meet Thursday

By BEN THOMAS
Associated Press Sports Writer
"It's always nice to play Adolph," says Notre Dame basketball coach Johnny Dee, who facetiously compares playing Baron Adolph Rupp and his Kentucky Wildcats "to taking five Canadians to Texas to play hockey."

Actually, Dee, whose Fighting Irish won their way to the NCAA Regional Tourney at Columbus, Ohio, by routing Ohio U., 112-82, was recalling an earlier verbal exchange with the Baron of the Bluegrass when he made the crack about hockey in Texas.

With Kentucky likely to move up to the No. 1 ranking this week, Thursday's regionals at Columbus pitting the Southeastern Conference champions against Notre Dame shapes up as the glamor match in college basketball's post-season playoffs.

Kentucky, currently No. 2, finished its regular season Saturday night by drubbing Tennessee 86-69. Hours earlier, Rupp watched on television as Notre Dame, behind Austin Carr's NCAA tourney record 61 points, whipped Ohio U.

"I was of the opinion that Ohio U. was a much stronger team," said Rupp, shooting for his fifth national championship. "Whether Notre Dame is that much stronger or Ohio U. that much overrated remains to be seen."

But Rupp calls Notre Dame "much improved over the team we played in Louisville."

Kentucky beat the Irish 102-100 in Louisville, which was supposed to be a neutral site but was actually almost like the Wildcats' homecourt.

Notre Dame played—and lost—to South Carolina (in the Sugar Bowl Tourney finals) and UCLA in the next seven days. This brutal road schedule by the Irish led to an unkind comment or two from Rupp.

Dee fired back by saying Kentucky's SEC prowess was akin to Canadian playing hockey against Texas—a comment Dee now says was taken out of context.

UCLA's one loss last week may drop the Bruins out of the No. 1 ranking and vault Kentucky, currently No. 2, into the top spot in the final ratings.

Incidentally, Baron Adolph, while admitting Notre Dame is "much improved," quietly added: "It's just possible we're a little stronger, too."

Kentucky takes a 25-1 record to Columbus while Notre Dame is now 21-6.

The Wildcats and Fighting Irish will be joined at Columbus by sixth-ranked Jacksonville, 24-1, and No. 8 Iowa, 19-4.

Jacksonville, with 7-foot-2 Artis Gilmore scoring 30 points, beat Western Kentucky 109-96 Saturday night in the first round of NCAA playoffs. Iowa won the Big Ten title and ended its season Saturday night a 115-101 victor over Northwestern.

The week-long National Association of Intercollegiate Athletics tourney at Kansas City, featuring undefeated Stephen F. Austin, the nation's top-ranked small college team; the NCAA College Division Tourney and the 33rd National Invitational Tourney in New York are also on this week's postseason round-ball menu.

Thursday's other NCAA regional pairings, which trim the field to eight for Saturday's national quarter-finals, are:

—At Columbia, S.C.: Niagara, 22-5, vs. Villanova, 21-6; and No. 4 St. Bonaventure, 23-1, vs. No. 19 North Carolina State 22-6.

—At Lawrence, Kan.: No. 13 Houston, 25-3, vs. No. 14 Drake, 21-6; and No. 5 New Mexico State, 24-3, vs. No. 16 Kansas State, 19-7.

—At Seattle: Long Beach State, 24-3, vs. UCLA, 24-2; and No. 18 Utah State, 21-6, vs. Santa Clara, 21-5, U. of Pacific, 21-5, winner.

Pacific and Santa Clara play-off tonight in San Francisco for the West Coast Athletic Conference's spot in the NCAA regionals. Pacific tied Santa Clara for the conference crown by beating the Broncos 71-60.

They're Reading Ugaritic

CLAREMONT, Calif. (AP) — The Claremont Colleges' Institute for Antiquity and Christianity is translating Ugaritic.

The writings are on clay tablets being dug out of a mound that once was the City of Ugarit, cultural center of the eastern Mediterranean world before the time of Moses.

After flourishing at least 300 years, Ugarit was overrun in about 1200 B.C. It was abandoned and never lived in again. Forty years ago a farmer's plough ripped open a tomb there and started one of the great historic finds.

Scholars believe that Ugaritic was the first language to use an alphabet. They found that Ugaritic writings had many parallels with the later Hebrew culture.

The Claremont Colleges project is analyzing the parallels, funded by a \$5,333.50 gift from Mrs. James L. Bruce and Mrs. N. Jordan Nathanson, both of Altadena, Calif., which was matched by a grant from the National Endowment for the Humanities.

25¢ enrolls you and your family in this \$5,600.00

MEDICAL-SURGICAL-NURSE PLAN

PAYS you EXTRA CASH for Doctor Visits

... Pays as much as \$500.00 for bedside visits of doctors, medical consultants and specialists during non-surgical hospital confinements, or...

PAYS you EXTRA CASH for Surgery

... Pays as much as \$600.00 for operations—even pays for surgery in doctor's office or at home—according to a liberal schedule printed right in your Policy, Plus...

PAYS you EXTRA CASH for Home Nurse Care

... Pays as much as \$5,000.00 for a full-time Registered Nurse when you come home from hospital.

YES, 25¢ COVERS YOUR ENTIRE FAMILY FOR THE FIRST MONTH. THEN CONTINUE AT NATIONAL HOME'S REGULAR LOW RATE.

So many people discover — after it's too late — that their health insurance doesn't pay all the bills. It does NOT pay for services of doctors, nurses, specialists, surgeons... does NOT generally pay for surgery performed in a doctor's office... does NOT pay for nursing care at home. They learn to their regret that these expenses must be paid out of their own pocket!

But now, National Home brings you a Medical-Surgical-Nurse Family Health Plan that fills the "money gaps" in your health protection. It provides ALL these cash benefits:

Pays you for operations and surgery in the hospital... Pays extra cash for appendectomy, gall bladder removal, mastoidectomy, hernia, hysterectomy and all other operations listed in your Policy. Extra cash to a maximum of \$600.00 paid directly to you for the surgical expense actually incurred.

Pays you for minor surgery in the doctor's office, or even at home... Yes, this National Health Plan pays you extra cash for minor surgery like a wart removal; a hemorrhoid excision; or a cyst removal. You get paid for the cost of every operation—from a minimum of \$30.00 to a maximum of \$600.00!

Pays you for doctor's bedside visits while hospitalized for a non-surgical confinement... This National Health Plan pays you extra cash for one visit per day by a physician (any physician who submits a bill, even your family doctor!) to a maximum of \$500.00 for each hospitalization.

Pays you \$100.00 a week for a Registered Nurse at home... Even after you collect the large surgical or non-surgical hospital benefits, if your doctor has you employ a full-time Registered Nurse within 5 days after you come home, we'll pay you cash benefits of \$100.00 a week for the same number of days you were hospitalized.

Pays cash direct to you... tax-free extra cash rushed by mail to you (not to doctor or hospital) — cash for Medical, Surgical, Nurse benefits that can total \$5,600.00!

What if you already own some health insurance?

WE PAY YOU IN ADDITION TO WHATEVER YOU COLLECT FROM ANY OTHER INSURANCE with any other companies. Even if it's for the same illness! And even if it means you'll be collecting twice! In fact we say:

Never mind what Blue Cross pays you. Never mind what benefits you receive from Blue Shield, Workmen's Compensation, Medicare or any other insurance you may have with any other company. We still pay you the extra cash—right up to the maximum. Which means, that even if your other insurance has already paid some, or all, of your medical bills—you still collect from National Health Plan! And every dollar is "extra"—to spend any way you like.

Full benefits even if you're over 65.

You're not penalized because of advanced age. Yes, even if you are 65 or over, you receive the same extra-cash checks for operations... the same extra-cash checks for bedside doctor visits... the same extra-cash checks for minor surgery in the doctor's office... the same extra-cash checks for home nursing as folks younger than you. Can you think of any other insurance plan that provides such exceptional over-age coverage as this National Health Plan?

How can this National Health Plan give you so much for only 25¢ for a whole month?

You deal direct with the company—direct with National Home. NO MIDDLEMAN NEEDED. That's because you virtually enroll yourself using the Enrollment Form right on this page. Costly "processing charges" are eliminated. So is the "red tape" that normally increases the price you pay for insurance. No one need know your personal affairs, except you. And when you reply before the date shown in the Enrollment Form below...

YOU MUST MAIL ENROLLMENT FORM BEFORE MIDNIGHT, MARCH 12, 1970 OR IT CANNOT BE ACCEPTED.

ACT NOW, NO AGE LIMIT—NO MEDICAL EXAMINATION. NO SALESMAN WILL CALL.

Only 25¢ enrolls your ENTIRE FAMILY!

You really can put this wonderful protection in force for your whole family at a cost of—not \$20.00... not \$10.00... not even \$5.00—but only the incredibly low price of 25¢ for the first month regardless of your age. And then:

Collect whenever any Covered Member of your family requires surgery or hospital medical care, and a full-time Registered Nurse after coming home from the hospital! Maybe hundreds, even thousands of dollars will be paid to you in medical, surgical and nursing benefits! Coverage is for your whole family. Imagine, whenever illness or injury strikes you or your loved ones—you can receive tax-free extra cash for each covered family member.

Stop for a moment—and think.

Think how much a long illness or accident can cost you these days. How would you ever pay those big doctor bills, hospital bills, the cost of operations and home nursing care? What would you do if your pay check stopped, and there was no extra source of income to meet medical expenses that piled up on top of the same day-to-day living expenses that never stop? But now you can have the extra help you need—when you need it most—with this Medical-Surgical-Nurse National Health Plan (NH-05-369).

We can never cancel your Policy!

You can count on this National Health Plan protection no matter how old you get or how many times you collect from us! Your Policy states that we cannot cancel your protection after you've made a lot of claims, or become old—or both—or for any other reason whatsoever! It is GUARANTEED RENEWABLE FOR LIFE! Only you can cancel.

Doesn't enrolling by mail take away the "personal touch"?

Not at all! We give you more personal service, not less. But instead of getting it when you sign up, YOU GET IT WHEN YOU SUBMIT A CLAIM! That's where it really means something. And that's where National Home gives you plenty of personal service. For example, we rush your claim checks direct to you by mail, not to the hospital or doctor.

No medical examination or embarrassing "investigations".

That's right! Forget about filling out one of those lengthy, complicated applications. Or answering a lot of personal questions. Or being "investigated" before your Policy is issued, the way some companies require. The short Enrollment Form on this page tells us all we need to know. Notice it doesn't ask for a medical examination. Or set an age limit.

Adm. Office: Valley Forge, Pennsylvania
1920—Fifty Years of Service—1970

This Plan is underwritten by National Home Life Assurance Company, an old line legal reserve company of St. Louis, Missouri. National Home is licensed by your state and carries full legal reserves for the protection of all policyowners.

What DOESN'T your valuable National Health Plan protection cover?

Get ready for a welcome surprise. It covers absolutely everything except conditions caused by: act of war; pregnancy; any mental or nervous disorders; dental repair or surgery except where repair is necessary due to injury to natural teeth; and any sickness or injury originating before the Effective Date of the Policy (for the first two years only).

You will be covered in any hospital of your choice except a U.S. Government hospital or a nursing or convalescent facility.

Why you must act before the deadline date.

Unless we receive your Enrollment Form the same time as everyone else's, we can't pass on the printing and processing savings that come from issuing many policies at one time. That's why we must impose a deadline date which cannot be extended even one day. If your Form arrives too late, WE WILL NOT BE ALLOWED TO ACCEPT IT.

If you change your mind—we'll give your money back!

You are still free to return the Policy within 15 days of the day you receive it, and your quarter will be refunded at once. There will be no obligation whatever—for you. The only obligation is ours.

Meanwhile, all during the 15 days you are deciding—you'll be protected by all the extra-cash benefits of the Policy just as if you had already said "yes". That's right, you will be fully covered all this time, even if you finally decide to return the Policy and get your quarter back.

Nationally known and respected.

This is the kind of outstanding protection you have read about in *Reader's Digest*, *Parents*, *National Geographic* and other leading publications. The special plans offered by the National Liberty Corporation group of companies are today helping policyowners in all 50 states—and many foreign countries—paying benefits at the rate of more than one million dollars a month.

Grateful Policyowners Write...

"Received your check for \$880.00. I appreciate having the money sent directly to me so I could decide how to use it." **NICHOLAS CRIST, Green Bay, Wisc.**
"It was wonderful to receive your check for \$555.00. I'm very pleased. It paid real well."
MRS. BESSIE GEISINGER, Kansas City, Mo.
"Everyone should have your coverage. I know I wouldn't be without it."
WALTER TUCKER, Fayetteville, N.C.

Surprisingly low rates.

The following rate chart shows how little it costs after the first month to cover yourself, your spouse, and any other adult dependents. Naturally, at these low rates we can issue you only one policy of this type. Each adult, 16 or over, pays the rate shown for his or her age.

Age at Enrollment	Monthly Premium per Adult
16-39	only \$2.30
40-49	only \$2.85
50-59	only \$3.35
60-69	only \$4.15
70-79	only \$4.95
80 and over	only \$5.70

Only \$2.75 more per month covers all your dependent, unmarried children...

from the age of 1 month through 18 years. Newborn children are covered automatically at the age of one month—at no additional cost!

NOTE: The regular monthly premium shown above (for your age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next. Once you have enrolled, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment up or down on all policies of this type in your entire state.

Act NOW—"Later" May Be TOO Late! 25¢ Enrolls Your Entire Family For the First Month!

Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before anything unexpected happens.

12 QUESTIONS AND ANSWERS about this extraordinary Medical-Surgical-Nurse Plan.

- 1. How much will my Policy pay me?**
Your Policy pays you 3 ways, up to \$5,600.00 EXTRA CASH. It pays you up to \$600.00 for operations. It pays you up to \$500.00 for doctor's bedside visits in the hospital for a non-surgical confinement. And it pays you as much as \$5,000.00 for nursing care at home after a hospital stay. You can count on National Health Plan's Medical-Surgical-Nurse protection for the extra cash you need—when you need it most! Naturally, at these low rates we can issue you only one policy of this type.
- 2. How much do I collect for doctor visits while in the hospital?**
We pay you to a maximum of \$500.00 EXTRA CASH at the rate of \$5.00 per visit for any doctor or specialist of your choice who makes a bedside visit (limit 1 per day) when you're in the hospital for any reason other than surgery.
- 3. How much do I collect for operations?**
We pay you up to \$600.00 EXTRA CASH for expenses incurred with surgical operations—we even pay for a simple one your family doctor performs.
- 4. Do I also collect extra cash for minor surgery performed in my doctor's office?**
Yes, you do! You receive cash benefits for surgery even when you go to your doctor's office for a simple operation like setting a broken bone, having a cyst removed, oral surgery, or anything else! Any time a doctor does surgery, whether it's in the hospital or in his office, we pay you EXTRA CASH!
- 5. What if I have more than one operation at the same time?**
In that case—we pay you for the most expensive one performed—even up to \$600.00 EXTRA CASH in some cases!
- 6. How much do I receive for a full-time Registered Nurse at home?**
\$100.00 A WEEK for as many days as you were hospitalized—to a maximum of \$5,000.00. Benefits are paid after you have been hospitalized for 5 days or more, and your doctor has you employ a full-time Registered Nurse within 5 days after you leave the hospital.
- 7. Suppose I am paid benefits when hospitalized for sickness or accident. What happens if I am again hospitalized for the same condition?**
Don't worry. You can still collect to a maximum of \$5,600.00. And if you have already resumed normal activities for just 3 months, it's considered a new confinement, and you can collect up to the full amount again!
- 8. May I enroll if I am over 65?**
Certainly! Folks any age are welcome to apply—there is no age limit, and you collect full amounts allowed in addition to benefits received from Medicare.
- 9. Will you cancel my Policy if I make too many claims? Or because of advanced age?**
No—positively not! Only you can cancel. The company cannot—no matter how many claims you have... how old you get or for any other reason whatsoever. A GUARANTEED-RENEWABLE-FOR-LIFE clause has been printed right on the front of your Policy, and we're bound by it.
- 10. What is not covered by this Policy?**
The only conditions not covered are those caused by: act of war; any mental or nervous disorders; pregnancy; dental repair or surgery except where repair is necessary due to injury to natural teeth; and any sickness or injury you had before the Effective Date of your Policy (during the first 2 years only). EVERYTHING ELSE IS COVERED.
- 11. What are the requirements for membership in this National Health Plan?**
You must not have been refused or had cancelled any health, hospital or life insurance for reasons of health; and, to qualify during this Enrollment Period, you must enroll before midnight of the date shown on the Enrollment Form.
- 12. How do I join?**
Fill out the brief Enrollment Form and mail it with just 25¢ for the first month's protection for you and your entire family. Mail to: National Health Plan, Valley Forge, Pennsylvania 19481.

MEDICAL-SURGICAL-NURSE PLAN

PAYS you EXTRA CASH for Doctor Visits

...Pays as much as \$500.00 for bedside visits of doctors, medical consultants and specialists during non-surgical hospital confinements, or...

PAYS you EXTRA CASH for Surgery

...Pays as much as \$600.00 for operations—even pays for surgery in doctor's office or at home—according to a liberal schedule printed right in your Policy, Plus...

PAYS you EXTRA CASH for Home Nurse Care

...Pays as much as \$5,000.00 for a full-time Registered Nurse when you come home from hospital.

YES, 25¢ COVERS YOUR ENTIRE FAMILY FOR THE FIRST MONTH. THEN CONTINUE AT NATIONAL HOME'S REGULAR LOW RATE.

So many people discover — after it's too late — that their health insurance doesn't pay all the bills. It does NOT pay for services of doctors, nurses, specialists, surgeons... does NOT generally pay for surgery performed in a doctor's office... does NOT pay for nursing care at home. They learn to their regret that these expenses must be paid out of their own pocket!

But now, National Home brings you a Medical-Surgical-Nurse Family Health Plan that fills the "money gaps" in your health protection. It provides ALL these cash benefits:

Pays you for operations and surgery in the hospital... Pays extra cash for appendectomy, gall bladder removal, mastoidectomy, hernia, hysterectomy and all other operations listed in your Policy. Extra cash to a maximum of \$600.00 paid directly to you for the surgical expense actually incurred.

Pays you for minor surgery in the doctor's office, or even at home... Yes, this National Health Plan pays you extra cash for minor surgery like a wart removal; a hemorrhoid excision; or a cyst removal. You get paid for the cost of every operation—from a minimum of \$30.00 to a maximum of \$600.00!

Pays you for doctor's bedside visits while hospitalized for a non-surgical confinement... This National Health Plan pays you extra cash for one visit per day by a physician (any physician who submits a bill, even your family doctor!) to a maximum of \$500.00 for each hospitalization.

Pays cash direct to you... tax-free extra cash rushed by mail to you (not to doctor or hospital) — cash for Medical, Surgical, Nurse benefits that can total \$5,600.00!
